Teacher Development

It's important for every qualified and aspiring teacher to have access to the right guides, resources and information that will help develop their teaching practice at every stage of their career. That's why our selection of subject-specific guides and professional development resources for the IB Diploma will empower teachers to recognise their ability, and master the job they love.

Understand experiential and competency-based learning and intelligence. Analyse different ways of communicating with students, cultural learning and cognitivism while delving deeper into behaviourism and what motivates people to learn. Our selection of teacher development books covers all areas and a variety of curriculum-based teaching scenarios.

For any teacher looking to enhance their skillset, or for students wishing to excel in a teaching career, our teaching practice resources will help them build their confidence and discover a passion for teaching certain subjects. We understand the time and effort it takes to fully commit to professional development for teachers, as the industry can be competitive and challenging. With the teacher development books we provide, the stress is taken away as both students and teachers work towards their futures.

Kanwal Sumair

Generation's School, Pakistan

"The sessions helped me to embed real life experiences with the lesson planning and resource content. I can plan with a clear mind-set and use all the resources meaningfully to support learning."

Back to top

Mrs. Sharvani Shahpurkar

PICT Model School, India

"The workshop took us through the resources in a structured manner. At the end of the sessions, we were able to appreciate the effectiveness of the active learning strategies and the tasks in the resources."
