

# UR Community Cares Sponsor

UR Community Cares is connecting towns across Connecticut, benefiting communities by addressing healthcare inequities, increasing inclusion, and decreasing disparities for vulnerable populations. URCommunityCares.org reinforces community service, while building communities with one volunteer act of kindness at a time. We are doing everything in our power to provide free, non-clinical, at home services to the aging and physical disabled, so they can maintain their independence to remain safely in their homes.

## BE A SPONSOR

It costs UR Community Cares approximately \$100.00 per enrollment to provide free volunteer services. Because UR Community Cares is 100% volunteer, grants and donations cover program costs for members and volunteers including insurances, background checks, and technology. The most CRITICAL ISSUE facing our organization is how to respond to the growing demand for our services, with the current model relying entirely on modest community grants. We're looking for sponsors to support our cause in helping us continue to grow— we have plenty of ways for you to be involved, having a direct impact.

Be a sponsor, tax free contributions.

- A one-time, monthly, or quarterly unrestricted donation
- Municipal funding, include us in a program budget, ARPA funding or COVID funding, other town/regional opportunities.
- A donation to cover the enrollment of each participant in your town and/or paying the background check fees.
- In-kind contributions are perfect for our fundraising activities.
- And if you have other ideas for helping our cause, we'd love to hear them!

## BENEFITS FROM A FORMING SPONSORSHIP

We would promote your company as one of our sponsors on our website, in presentations, our monthly newsletter and in our annual report. We will also provide official donation receipts for your contributions. Through statewide broadcasts, we will be able to provide your business with additional press.

We hope we can count on your support to help UR Community Cares expand to a call center, expand technical support/training, and grow staffing. Continue intergenerational connections and provide solutions to social determinants responsible for economic systems as we address the health inequities created by those systems! Contact Michelle Puzzo, President (860) 430- 4557 or [michellepuzzo@urcommunitycares.org](mailto:michellepuzzo@urcommunitycares.org).
