Mix 247 EDM is back with our Weekly Top 10 Mix Picks that we are feeling each week. Follow our August playlist to check out what we have on our rotation! Some of our favorites this week? FuntCase, SVDDEN DEATH - 'Utah', Badklaat - 'Bring It', Syzy & Akeos - 'Identity Theft', and plenty more. From the latest releases and throwbacks, tune in here to see what we are listening to this week.

### 1. SVDDEN DEATH - 'UTAH'

Danny Howland aka Svdden Death switched it up with his latest release 'UTAH'. 'UTAH' experiments with eerie melody and chaotic sound design. Focusing heavily on it thunderous melodious drops while debuting SvddenDeath's haunting vocals. 'UTAH' is also the first release on Ooalices year-long project and record label, "Halcyon."

"I made this song about Utah, which is the name of the state and also I have a hat that says Utah on it, which I got in the state, so that's where I got the name of the song from, my hat." SVDDEN DEATH said in a statement. "The vocals don't make sense, but they mean something, I also haven't sang on my own music before on a full verse so I'm pretty happy with that. I'm doing a lot of shit like this now so expect some more of this style because it's the only thing keeping me from going crazy!"

### 2. BadKlaat - 'Bring It'

BadKlaat, the producer behind 'Campers' (a true moshpit pleaser) just released another heavy-hitting headbang track. 'Bring It' is out now on Never Say Die Records! BadKlaat aka Adam James has solidified himself as a rising talent in the international Dubstep scene, and this year has been his. If you want to hear more of his bangers definitely check out 'Ravedash' & 'Ambush.'

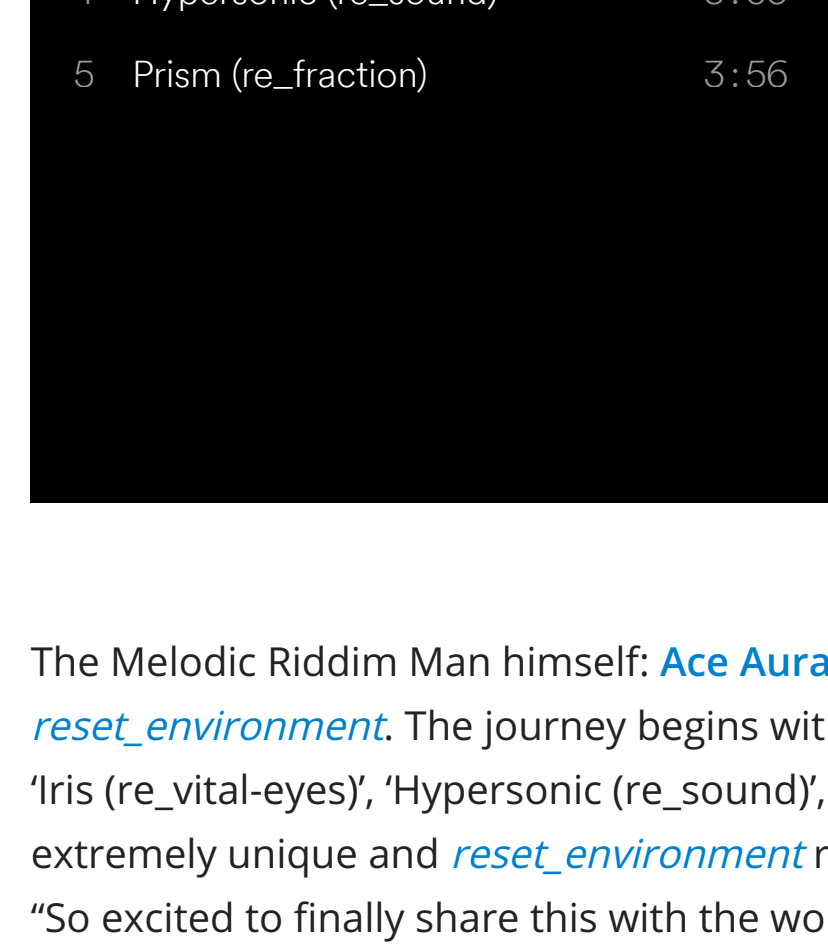

### 3. Syzy & Akeos - 'Identity Theft'

Syzy and Akeos just released the riddim tune of the year. 'Identity Theft' is pure destruction, the flow is invigorating and it just keeps going. Keep an eye out for Syzy because there's much more to come from 'Identity Theft'. His full debut EP *Sunshine* is out now on Never Say Die: Black Label!

SYZY stated, "I am so glad to have worked on this with them. It was so fun to work on, and I can guarantee more collabs with Akeos in the future."

### 4. Ace Aura - reset\_environment EP

The Melodic Riddim Man himself: Ace Aura is shining light on the dubstep scene with his latest 5 track EP *reset\_environment*. The journey begins with 'Aurora (re\_generate)' preceding 'Perspective (re\_opening)', 'Iris (re\_vital-eyes)', 'Hypersonic (re\_sound)', and lastly 'Prism (re\_fraction)'. Ace Aura's sound design is extremely unique and *reset\_environment* really highlights it all.

"So excited to finally share this with the world. These tracks were written over the span of about a year and a half and I'm so happy that I was able to finish this body of work that I feel has a theme to it and expresses what I want it to." Ace Aura stated on his latest Instagram post.

Out now on Disciple Round Table.

### 5. Riot Ten & Whales - Save You (feat. Megan Stokes) [REMIXES]

A couple of months back Riot Ten & Whales released 'SAVE YOU (ft. Megan Stokes)' and absolutely blew everyone's minds. Just when you thought it couldn't get any better, it does. The 'SAVE YOU' remixes are out now on Dim Mak. This week we were blessed with a VIP plus outstanding reworks by Kompany, AFKdubstep, & OfficialAceAura.

### 6. BUKU - 'What You See'

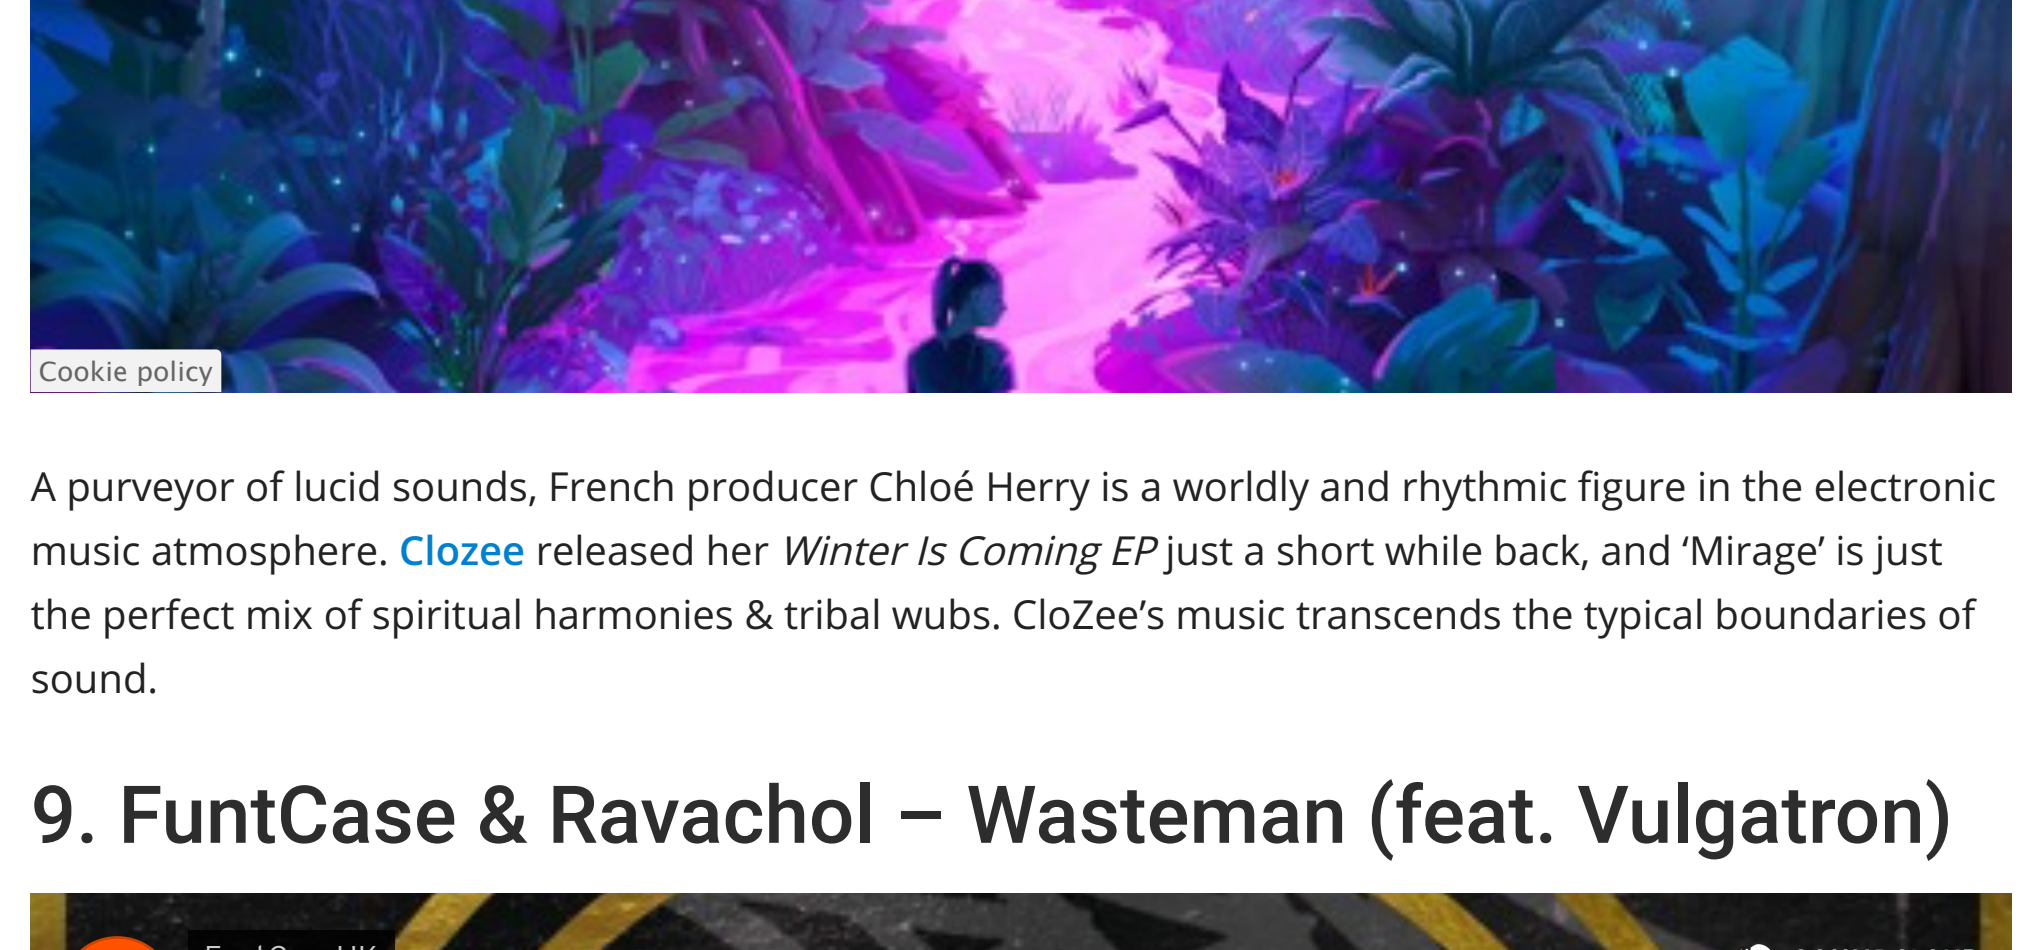

Robert Balotsky, best known as Buku, is a Pittsburgh native musician with a penchant for warped, out-of-this-world bass. A celebrated producer since his 2013 debut, Buku accelerates his influence with his newest single 'What You See'.

### 7. Quix & Juelz - 'Chicane'

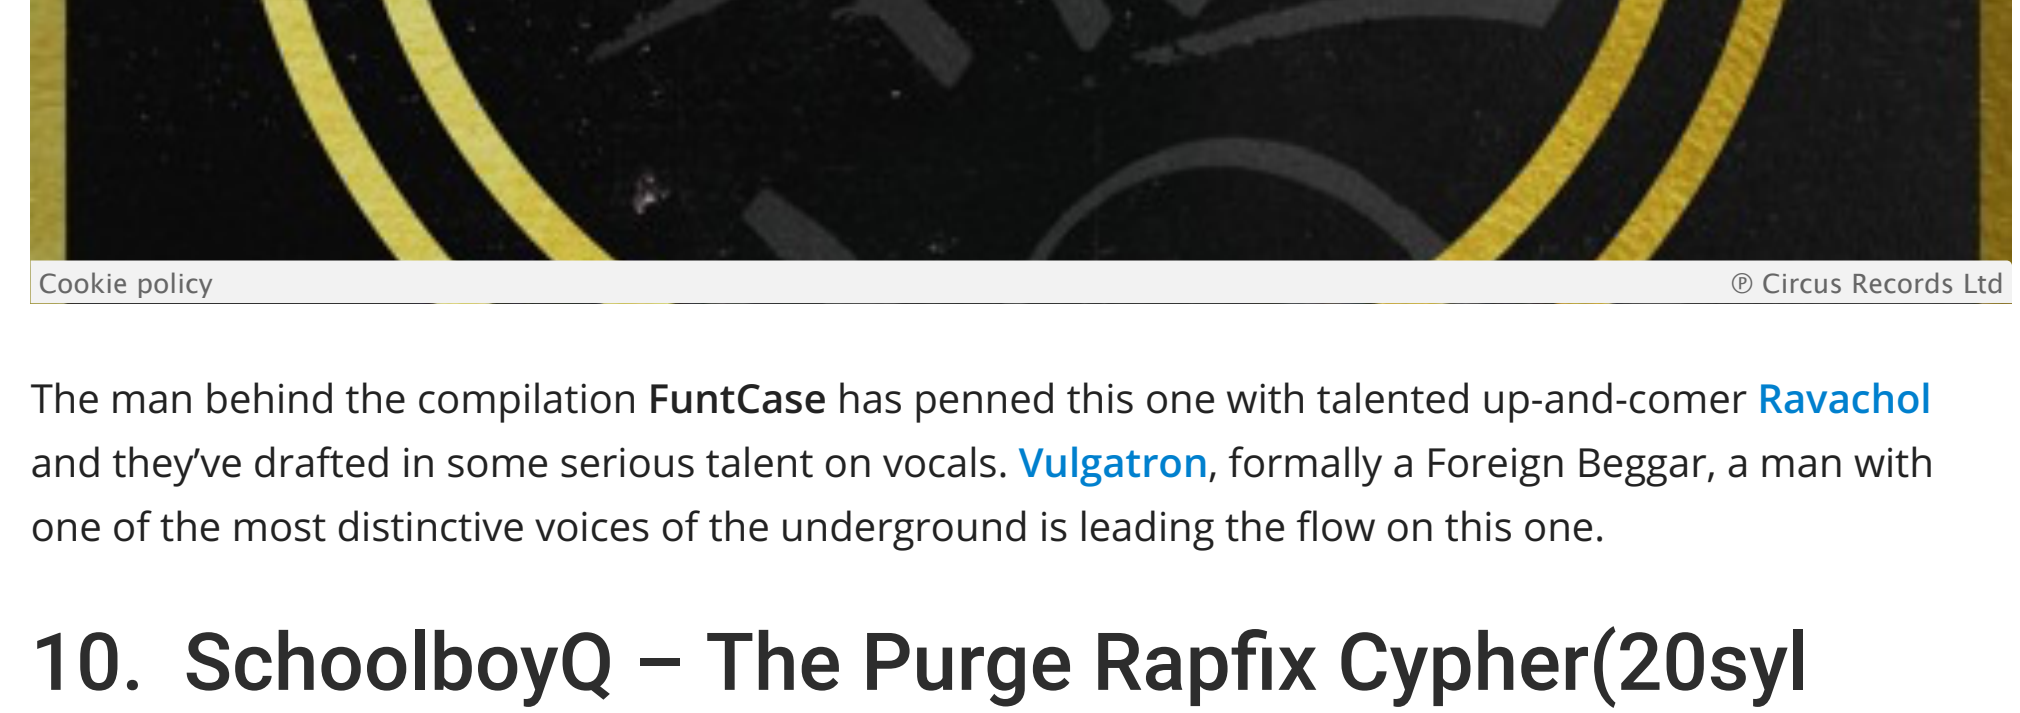

Trap powerhouses Quix and Juelz have raced to the finish with this explosive collaboration. In this uneventful summer, 'Chicane' brings the heat straight to your home. After teasing the track at Quix's EDC 2019 set, the hype around "Chicane" has been immense. The bass-heavy track throws you into the pit right off the bat - as the car engine ignites, ominous sounds, and hard-hitting bass attempt to prepare you for what's to come. The drop counts down into a filthy beat, aimed to give you whiplash by the end of the song. Combining Quix's unique trap soundscape and Juelz's hip-hop arsenal, 'Chicane' is the perfect combination of edgy bass.

### 8. Clozee - 'Mirage'

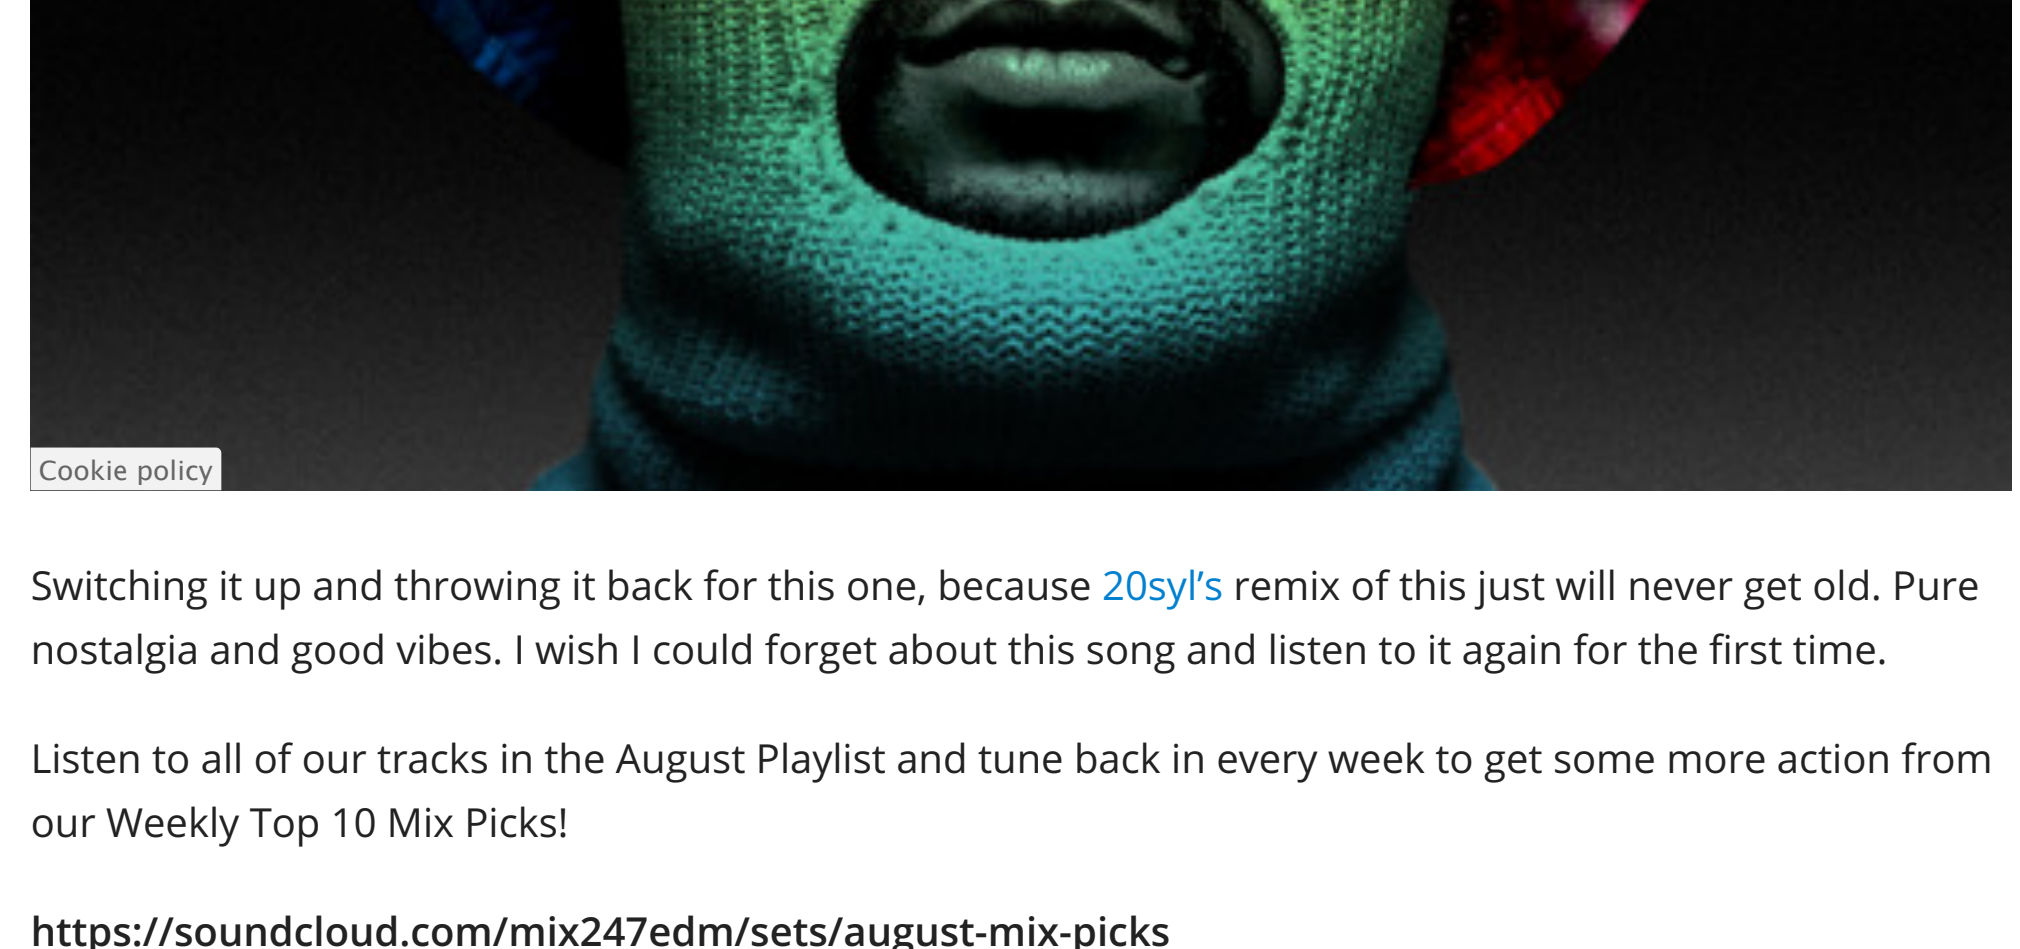

A purveyor of lucid sounds, French producer Chloé Herry is a worldly and rhythmic figure in the electronic music atmosphere. Clozee released her *Winter Is Coming EP* just a short while back, and 'Mirage' is just the perfect mix of spiritual harmonies & tribal wubs. Clozee's music transcends the typical boundaries of sound.

### 9. FuntCase & Ravachol - Wasteman (feat. Vulgatron)

The man behind the compilation FuntCase has penned this one with talented up-and-comer Ravachol and they've drafted in some serious talent on vocals. Vulgatron, formally a Foreign Beggar, a man with one of the most distinctive voices of the underground is leading the flow on this one.

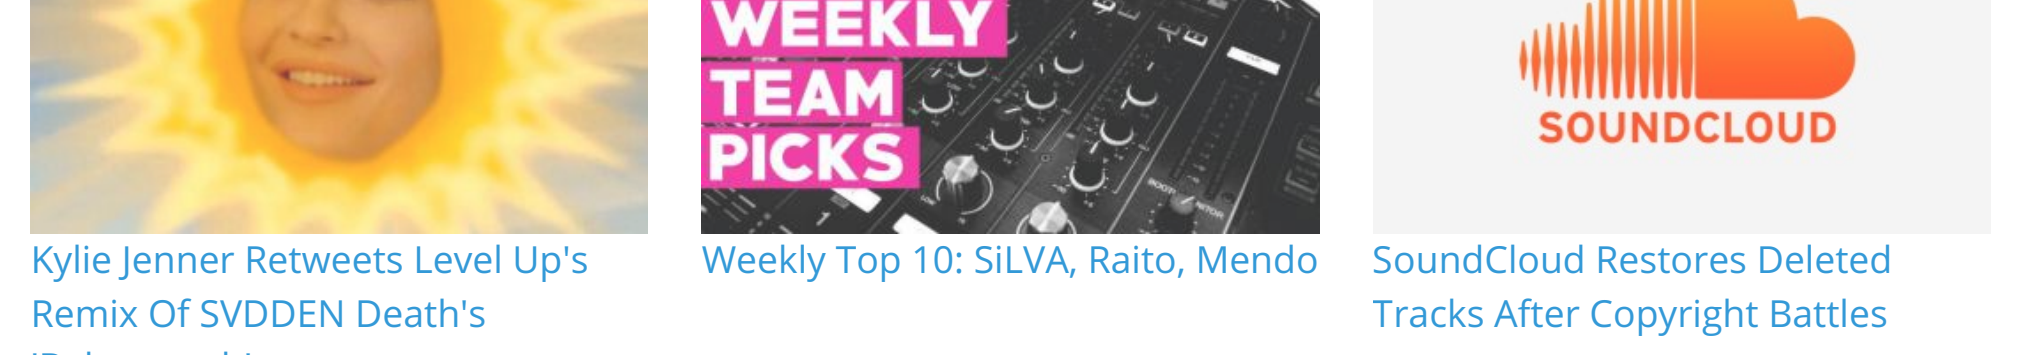

### 10. SchoolboyQ - The Purge Rapfix Cypher(20syl Remix)

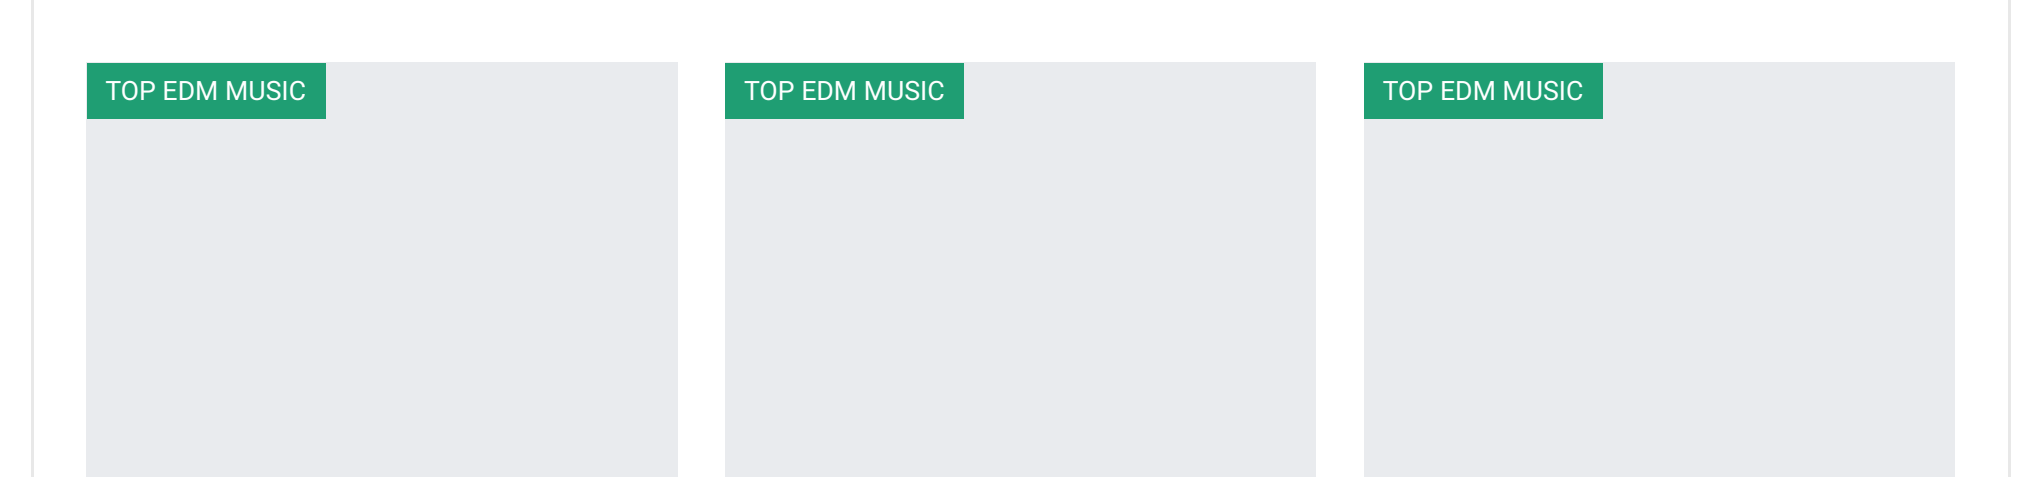

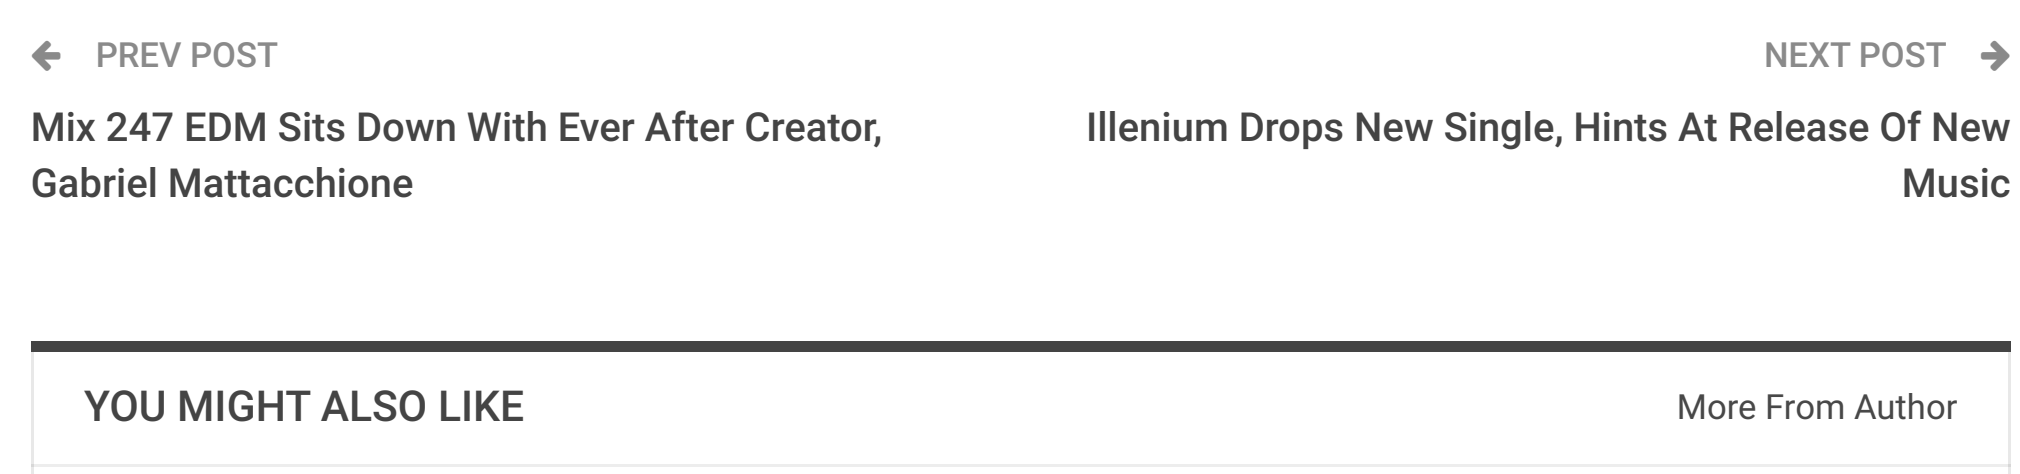

Switching it up and throwing it back for this one, because 20syl's remix of this just will never get old. Pure nostalgia and good vibes. I wish I could forget about this song and listen to it again for the first time.
