*Riverside Park also hosts wonderful community events throughout the year — making this quaint center-of-town park a true neighborhood gem.*

### **Saturday in the Park Riverside Park**

Located in the Olde Bonita area, Riverside Park in downtown Bonita Springs is an outdoor oasis that all generations can appreciate. Enjoy concerts in the bandshell, visit the exotic butterfly garden, shop wares from local artisans at the charming Artists Cottages, relax by the majestic fountain, take a stroll on the path along the Imperial River, and peruse the historic exhibits at the Lilies Hotel museum. Riverside Park also hosts wonderful community events throughout the year (such as Taste of Bonita and Movies in the Park) — making this quaint center-of-town park a true neighborhood gem.

### **Lovers Leap Lovers Key State Park**

According to local lore, only lovers made the effort to visit this romantic island before the road was built in 1965. Today, Lovers Key boasts over seven miles of hiking and biking trails with breathtaking observation points, two-and-a-half miles of pristine beachfront swimming, and some of the best local geocaching. Get up close with dolphins, manatees, and alligators while paddling through the estuary, spend an afternoon on Estero Bay with a rented kayak or canoe, or fish for shark after sunset. There's something for everyone to fall in love with at Lovers Key.
