

# Welcome to PamperME Services

## Your New Self-Care Routine, Delivered!

After the year we've all had, we believe something pleasing is long overdue. It's time to show yourself some love with a new relaxation service that takes all inconveniences out, and brings pampering directly to you.

**PamperME Services** is Bermuda's first-ever mobile spa, salon, pet grooming, and home care provider. Here to redefine what self-care looks like. We see you; the ones juggling long workdays, managing a household, putting others before yourself, and our mission is to bring luxury level self-love to your doorstep, minus the luxury price tag.

We're not *just* a service, we're a lifestyle upgrade for those who have been doing it all and deserve to finally receive.

### **Dedicated to your peace of mind**

Not only will our spa services leave you relaxed, refreshed and rejuvenated. We're ensuring your peace of mind by having hand-selected professional service providers across wellness, beauty, and pet care. Each with 3-5+ years of experience, vetted by our team, and trained the **PamperME** way: with safety being our top priority, integrity, care, and respect for your time and comfort.

A relaxing massage, fresh haircut, or nail refresh can be booked with the provider of your choice, easily through our website, where you will see their bio and professional background information.

We know it might not just be you that's looking to get Pampered, we offer pet-grooming for your furry ones, as well. You can get your spa service and your pet groomed at once, without even leaving the comfort of your home. Talk about saving time and effort.

**PamperME Services** is designed to make your life easier, safer, and supported.

### **Affordable, Convenient, and All About You**

Self-care doesn't have to mean expensive spa days or stressful scheduling. Our mobile services are built around your lifestyle, with flexible appointments, easy online booking, and transparent pricing. So you can treat yourself or a loved one, without any after-guilt effects.

Want a relaxing massage after work? A quick grooming session for your pup on your lunch break? A feel-good haircut to start the weekend off right?

We're already on our way.

In support of local service providers and business owners, we're also featuring custom-made cards that are uniquely designed for your recipient. These are handmade, one-of-a-kind specialized cards that incorporate details about your receiver, resulting in a card made especially for them. Check out our website for further details of this special service.

### **Because Self-Love is a Daily Practice, Not a Luxury**

At **PamperME**, we believe self-love is an attitude you choose to make a part of your rituals, something that is valuable to your overall well being. Gone are the days of putting your needs on the back burner and neglecting the importance of self-care. If anything this last year has taught us, it's exactly that - taking care of ourselves starts with making time for ourselves. That's what inspired this business, providing care to those that deserve it, just as much as anyone else, and finding a solution for the lack of time for such care.

We're here to help make taking care of your body, home, or your favorite furry friend, a realistic, affordable, convenient reality. We know that when you feel taken care of, you show up better for everything else. That's why we're here, and why we're so proud to serve the local community with heart and hustle. So, let's get you Pampered!

### **Let's Connect**

Whether you're looking to book a service or just curious to learn more, we want to hear from you. Have questions? Ideas? Want to book a special gift for a friend?
