

Generation Now

There are great **AWARDS** for your...

LEADERSHIP *service to others*
progress *sharing of knowledge*
experience **LOYALTY** *brilliance*
RESEARCH *technological wizardry*

International Awards & Recognition Program
Celebrating Manufacturing's Genius

Generation Now

It's your time to reap the rewards of your lifelong work on behalf of others. **You've been called the Silent Generation, Baby Boomers, the Me Generation and, more recently, Generation X.** Or should we call you Generation Wow because you:

- Develop processes and make discoveries that help **make our lives cleaner, brighter, faster, and above all, better**
- **Give manufacturing its own brand of cool** with ever-advancing technologies like rapid, nanomanufacturing and robotics
- **Hold patents on limitless imagination** and innovations like no other
- **Prepare the next generation of inventive minds**
- **Inspire** others
- Do your part to develop jobs and **help keep global economies running**
- **Think in hi-def**
- **Research impossibilities and turn them into realities**

So shouldn't there be awards for all of the above; for what you have yet to do, discover or develop?

The Society of Manufacturing Engineers has a number of awards to honor your efforts and contributions throughout your career.

From the nationally recognized **Outstanding Young Manufacturing Engineer Award**, the long-established **Award of Merit**, the competitive **NAMRI S.M. Wu Research Implementation Award** among other awards...to the pinnacle of the **International Honor Awards** and the **SME College of Fellows**, the **SME International Awards and Recognition Program** has celebrated your particular brand of manufacturing genius for more than 50 years.

Generation Now how will
you be recognized?

SME International Honor Awards

The seven SME International Honor Awards recognize significant contributions to the field of manufacturing engineering in the areas of manufacturing technologies, processes, technical writing, education, research, management and service to the Society.

Visit www.sme.org/awards

INTERNATIONAL HONOR AWARDS

DONALD C. BURNHAM MANUFACTURING MANAGEMENT AWARD

Recognizes exceptional success in the integration of the infrastructure and processes of manufacturing through innovative use of human, technical and financial resources.

SME ALBERT M. SARGENT PROGRESS AWARD

Recognizes significant accomplishments in the field of manufacturing processes, methods or systems.

SME FREDERICK W. TAYLOR RESEARCH MEDAL

Honors significant published research leading to a better understanding of materials, facilities, principles, operations and their application to improve manufacturing processes.

To submit nominations, please:

Visit www.sme.org/awards and download a nomination packet from the International Honor Awards page.

All nominations should be submitted no later than **August 1** of every year and may be submitted three ways:

1. Via e-mail at nominations@sme.org
2. By fax at 313.425.3406
3. Mailed to:
SME International Awards & Recognition Committee

INTERNATIONAL HONOR AWARDS

JOSEPH A. SIEGEL SERVICE AWARD

Awarded to an SME member for significant and unique contributions that benefit the Society. This award is conferred only upon SME members.

ELI WHITNEY PRODUCTIVITY AWARD

Awarded for distinguished accomplishments in improving capability within the broad concept of orderly production.

SME GOLD MEDAL

Recognizes outstanding service to the manufacturing engineering profession in technical communications through published literature, technical writings or lectures.

To submit nominations, please:

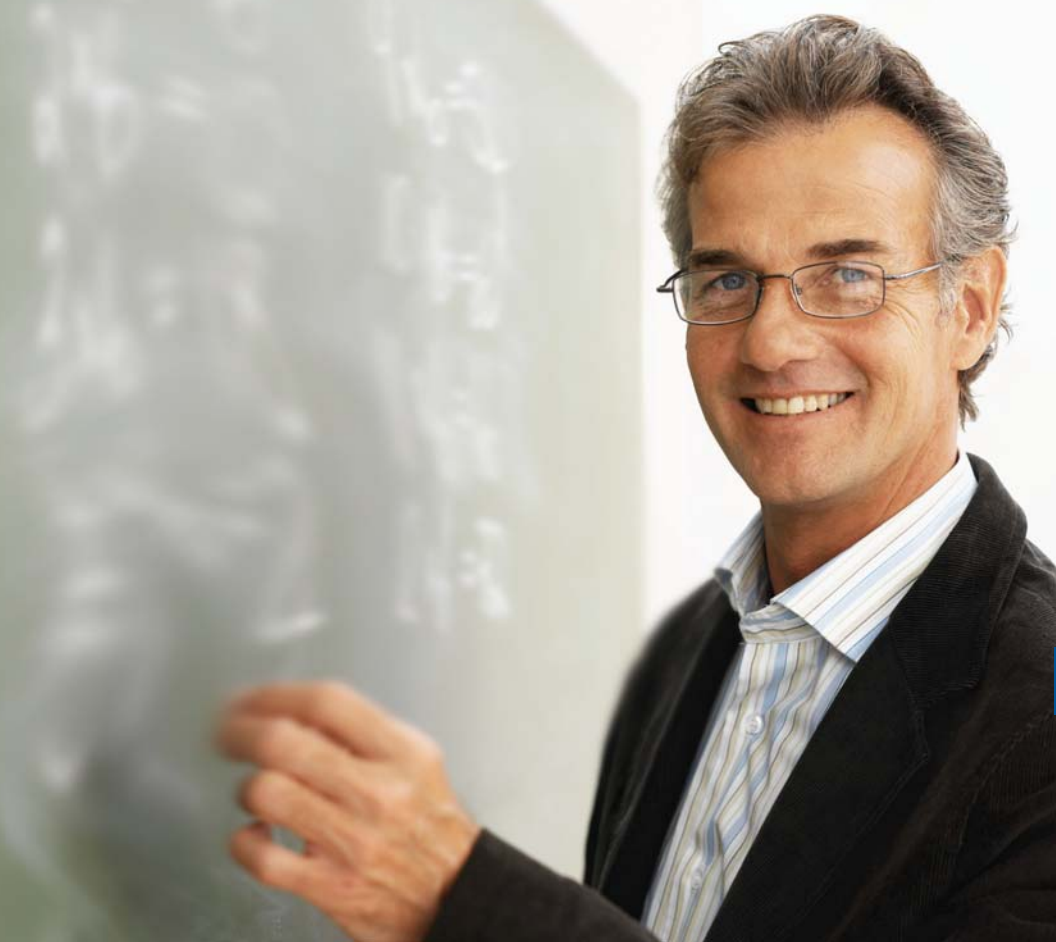

Visit www.sme.org/awards and download a nomination packet from the International Honor Awards page.

All nominations should be submitted no later than **August 1** of every year and may be submitted three ways:

1. Via e-mail at nominations@sme.org
2. By fax at 313.425.3406
3. Mailed to:

Generation Now

Shares its vast knowledge with the next SME EDUCATION AWARD

Honors the educator most respected for the development of manufacturing-related curricula, fostering sound training methods or inspiring students to enter the profession of manufacturing.

To submit nominations, please:

Visit www.sme.org/awards and download a nomination packet from the International Honor Awards page. All nominations should be submitted no later than **Aug. 1** of every year and may be submitted three ways:

1. Via e-mail at nominations@sme.org

2. By fax at 313.425.3406

3. Mailed to:

Generation Now

Mixes and Mingles with Generation Next at **SME's Golden Night - The International Honor Awards Gala**

Enjoy SME's Golden Night—Each year, SME hosts the **International Honor Awards Gala** in conjunction with the Society's Annual Meeting.

This semi-formal event has previously occurred in [Chicago](#), [Toronto](#), [Los Angeles](#) and [Detroit](#), but no matter where it takes place, you can look forward to mingling with not only today's industry leaders, but also SME Education Foundation scholarship winners.

For more information, please send inquiries to nominations@sme.org.

Values Experience

SME FELLOW

Honors those members who have made outstanding contributions to the social, technological and educational aspects of the profession. This is a distinctive and prestigious honor that can only be earned through years of dedication and service to manufacturing.

Fellow nominees must:

- Be a member of the Society in good standing.
- Possess a minimum of a bachelor's degree or its equivalent in terms of engineering experience.
- Have at least 20 years of experience in a manufacturing—related area. Time spent in pursuit of a related academic degree may also be applied toward the 20-year requirement.
- Have a nomination initiator and two sponsors (the initiator and one sponsor must be Honorary, Fellow, Life or Senior members of SME.)

To submit nominations, please:

Visit www.sme.org/awards and download a nomination packet from the Fellows page. All nominations should be submitted no later than

December 1 of each year via one of three ways:

1. Via e-mail to nominations@sme.org

2. Fax to 313.425.3406

3. Mail to:

SME International Awards & Recognition Committee
c/o Executive Offices
Society of Manufacturing Engineers
One SME Drive, P.O. Box 930

Welcomes a new “age” of innovation with the **Outstanding Young Manufacturing Engineer Award**

This annual honor is awarded to a number of outstanding young manufacturing engineers, **age 35 or younger**, for exceptional accomplishments, such as technical publications, patent or technical-professional society leadership.

Nominee eligibility:

- Outstanding Young Manufacturing Engineer nominees must be age 35 or younger on **Aug. 1** of the year of their nomination.
- He/she may be a graduate or non-graduate, engineer or technologist, U.S. or international citizen.
- SME membership is not a requirement. Nominations must include a copy of the nominee’s resume or CV.

To submit nominations, please:

Visit www.sme.org/awards and download a nomination packet from the Outstanding Young Manufacturing Engineer Award page.

All nominations should be submitted no later than **August 1** of every year. Nominations may be submitted three ways:

1. Via e-mail at nominations@sme.org
2. By fax at 313.425.3406
3. Mailed to:

E-mail: nominations@sme.org

NAMRI/SME S.M. Wu Research Implementation Award

Recognizes outstanding original research presented at the annual North American Manufacturing Research Conference (NAMRC) that has subsequently, upon implementation, had a significant commercial and/or societal impact.

The award is named in honor of Shien-Ming Wu (1924-1992), PhD, FSME, Fellow ASME and the J. Reid and Polly Anderson Professor of Manufacturing Technology, University of Michigan, Ann Arbor.

Nominations are due **December 1** of each year to techcommunities@sme.org. **For more information about nominations, please visit www.sme.org/namri.**

TEEM Award

The **Total Excellence in Electronics Manufacturing (TEEM) Award** is given annually to an individual in recognition of his/her extraordinary dedication and innovation in setting new or higher levels of achievement in electronics manufacturing. **For more information, please visit www.sme.org/teem.**

technology

RTAM/SME Industry Achievement Award

This award honors an individual, team or company for outstanding accomplishments that advance additive manufacturing technology and industry. It is presented by the Rapid Technologies & Additive Manufacturing Community.

For more information, please visit www.sme.org/industryaward.

RTAM/SME Dick Aubin Distinguished Paper Award

This annual award recognizes a paper describing innovative applications of rapid prototyping processes and techniques. It is named in memory of Richard F. Aubin, a pioneer in the international intelligent manufacturing systems (IMS).

For more information, please visit www.sme.org/aubinaward.

The President's Award

The President's Award is given annually at the SME chapter level to the member who has contributed more than any other during the past year.

For more information, please send inquiries to service@sme.org.

J.H. "Jud" Hall Composites Manufacturing Award

The award is presented annually to an individual who has contributed to composites manufacturing or tooling technology through leadership, technical developments, patents or educational activities.

For more information, please visit www.sme.org/hallaward or send inquiries to techcommunities@sme.org.

FFC Technical Paper Excellence Award

This annual award is open to anyone presenting the most valuable paper to the forming and fabricating community at the FABTECH International & AWS Welding Show .

For more information, please visit www.sme.org/ffc.
