

# Favour Chibuokem

## Content Writer

Enugu, Nigeria | [LinkedIn](#) | [Portfolio](#) | [chibuokemfavour@gmail.com](mailto:chibuokemfavour@gmail.com)

---

Wide-smiling Content Writer with over three years of experience creating content for various industries using CMS like WordPress and Forestry. As an ardent lover of a smooth communication process, I enjoy fostering a seamless one using collaborative tools such as Google Docs, Trello, and Slack.

Astute, detail-oriented, and able to meet content briefs with little or no supervision. Comfortable using client briefs to create well-written content through research, keyword building, spelling and fact-checking, feedback incorporation, and publishing.

---

## Professional Experience

### **Projecttent** - US, Remote

**Content Writer/Internal Operations Manager**, April 2022 - Present

Projecttent provides infrastructure for blockchain networks.

- I handle every content need of the team.
- Establish procedures and guidelines for running the team.

### **Diverse Articulation** - UK, Remote

**Freelance Content Writer**, September 2021 - Present

Diverse Articulation is a group of female writers spread around the globe. I create articles and web copies for clients using Google Docs for easy collaboration. Communicative, organized, and responsive to feedback.

- I increased the team's article turnover by 33% within four months of joining by increasing my typing speed and grammatical accuracy to reduce the time spent on editing.
- I decreased the team's cost per word by 62% three months after joining the team.
- Create and fact-check well-researched drafts before publishing.
- Influences client loyalty through well-structured drafts that meet their content briefs.

### **j6thenews** - Nigeria, Remote

**Blogger**, February 2021 - June 2021

- Created a variety of content using WordPress.
- Responded to comments and inquiries from readers.

## Volunteer Experience

### **GitKraken** - Arizona, Remote

**Ambassador and Community Lead**, August 2019 - Present

GitKraken is a GUI version control system for software developers.

- I created written content on how to foster version control using GitKraken.
- Hosted events in my tech community on project management, collaboration, and version control using GitKraken.

## **Devjavu - Nigeria, Remote**

**Content Editor**, October 2020 - December 2021

Devjavu is a blog for software developers to explore practical software development articles. I moved the articles to the blog using Forestry. Edited and spell-checked each draft using Grammarly before publishing them.

- I managed the scheduling and movement of content using Forestry.
- I increased grammatical accuracy by spell-checking using Grammarly.

## **Association of Nigerian Authors (Secondary School Chapter)**

Writer and Vice President, October 2015 - May 2016

The Association of Nigerian Authors, ANA, is a non-profit organization that promotes Nigerian Literature. As the Vice President of ANA in my secondary school,

- I wrote creative articles for publication in the school's maiden anthology and annual magazine.
- I Organized meetings for members of the association within the school.

## **AIESEC in Enugu Content Creation Masterclass**

**Facilitator**, August 2019

- I taught a workshop on Content Creation during AIESEC week in 2019.
- 

## **Education**

### **University of Nigeria, Nsukka - *B.Sc. in Food Science and Technology***

October 2017 - Present

I am working towards a B.Sc. in Food Science and Technology. I grow my network within and outside the classroom by engaging like minds through tech events, volunteer activities, and working on projects with people.

---
