San Francisco Fashionista Loves Candy

by Chasa Dominique... (/users/chasa-dominique-toliver) [Apr 28, 2010](#)

Where does a style expert find her perfect wedding dress? For fashion journalist Nerissa Pacio Itchon, Amy Kuschel had the perfect dress for her. I had the pleasure of working with Nerissa, a freelance style writer for the San Francisco Chronicle (<http://www.sfgate.com/>) and her own blog, Nerissa's Notebook (<http://nerissasnotebook.com/>). Her gown choice captured her great sense of style. On January 16th, 2010, Nerissa married Edric wearing "Candy (<http://www.amykuschel.com/gowns/candy>)" paired with the "Lace Embellished Sash". We were absolutely thrilled to see the photographs of their special day captured by Christina of Nightingale Photography (<http://www.nightingalephotos.com>) and even more excited to share them with you!

Congratulations Nerissa & Edric!

Thank you Nerissa and Edric for allowing us a sneak peek inside your special day!
