### NATURE & WILDLIFE

The natural landmarks of Copper Harbor give home to an abundance of wildlife including, but not limited to, whitetail deer, porcupine, beaver, red and flying squirrel, chipmunks, American marten, weasel, skunk, river otter, coyote, bobcat, Snow-shoe hare, red and Gray fox. Of all the wildlife, the brown bear is the most sought after and photographed. Seeing a black bear is one of the most memorable experiences of a visit to the Copper Harbor area.

### SHOPPING & DINING

Businesses are open and welcoming visitors while implementing the restrictions made by the CDC and Health Department. The best way to find details and updates is to visit each business via their websites. Contact information is available on the Copper Harbor Michigan website

**Masks will be required in compliance with the CDC**

### BIRD WATCHING

Bird watching is an activity that can be enjoyed all year in Copper Harbor and with hundreds of species visiting. It is sure to not disappoint. The species change with the seasons creating interest all year long!

Visiting Copper Harbor's wildlife is a great excuse to get out of the house and enjoy the great outdoors all while keeping yourself and others safe.

### OUTDOOR ACTIVITIES

Here in Copper Harbor, COVID-19 doesn't mean that the adventure has to end! Activities from hiking, mountain biking, kayaking and canoeing, fishing, and ATVing all allow you to have the experience of a lifetime while social distancing and staying safe!
