

Aren't you tired of reaching your office on odd days... and finding out you've missed some seriously vital documents at home ?

Or sacrificing an extra hour of your sleep every morning... just to go and buy some grocery items ?

Or bargaining and purchasing the 'right' fruits and vegetables for your household... under the scorching heat of the sun ?

Or ordering a meal from your favourite restaurant and then waiting for one long hour before it finally arrives... staying pathetically hungry all this time ?

Or missing out on crucial football league matches just because you have to pick up clothes from the laundry ?

If your answers are mostly 'YES'... we've got your back.

CHOTU-18 is your one-stop solution for all your daily needs. Through this platform, you can now manage any kind of situation quite effortlessly.

Forgot your project report at home ?
