HAIR

Make styling easy with smart at-home tools

BEST CURLING IRON

Hershesons the Wand, £120
An easy-to-use wand featuring a 25mm ceramic-coated barrel that's ideal for creating every type of long-lasting curl, from loose and beachy to big and bouncy.

BEST HOT BRUSH

GHD Duet Blowdry, £379
This two-in-one hairdryer and brush transforms freshly washed hair in one step, with no need for expert styling skills. Working at a consistent 120°C, it minimises heat damage, giving a shiny finish.

BEST FOR HAIR GROWTH

Higherdose Red Light Hat, £449
Reap the scalp-stimulating benefits of red-light therapy. This cap houses 120 medical-grade LED bulbs. Used daily, red light improves blood circulation in the scalp, decreasing hair loss and boosting growth.

BEST STRAIGHTENER

Babyliss Super Styler, £125
With its 'micro heating matrix' technology – which uses 2,500 micro heaters to ensure even coverage – this straightener is as powerful as it is versatile. The five settings and ultra-fast heat regulators guarantee a long-lasting style.

BEST HAIRDRYER

Dyson Supersonic r, £449.99
An ultra-lightweight, ergonomic design that offers comfortable styling without compromising on power. From diffusing curls to reducing flyaways, it has a vast range of attachments that ensure a salon-worthy blow-dry, every time.

BEST FOR MULTI-STYLING

Dyson Airwrap id, £479.99
The updated iteration of Dyson's coveted tool uses Bluetooth technology to enable effortless styling customised to your texture and length. Pair with your device, complete a short survey and allow the app to deduce the ideal temperature and airflow.

BEST FOR TRAVEL

GHD Unplugged Cordless Hair Straightener, £299
Housed in a heat-resistant travel bag, this offers all the same features as the original design – namely, knotless lengths with minimal damage – in a size that fits in your cabin bag. Once charged, it will stay hot for up to 20 minutes.

BODY

Futuristic technology to keep you on top form

BEST FOR SMOOTH FEET

Margaret Dabbs Professional Foot File, £30

Crafted using crushed-crystal technology to ensure a smoother finish, this foot file is invaluable for combating hard skin and calluses on heels, toes and the balls of the feet during sandal season.

BEST FOR HARD WATER

Hello Klean Shower Head 2.0, from £65

Designed to counteract the drying, irritating effects of city tap water on skin and hair, this uses a circular-filtration system to remove over 90 per cent of chlorine and minimise traces of copper, iron and lead, while saving 25 per cent more water.

BEST FOR BOTTLED WATER

Echo Flask Hydrogen Water Bottle, £299

This 340ml bottle uses infusion technology to increase the hydrogen concentration in water, which supports cellular health and raises energy levels. Plus, it pairs with your smartphone to help you take a detailed look at your personal hydration cycles.

BEST FOR HAIR REMOVAL

Foreo Peach 2, £369

'Intense pulsed light' technology and cooling features make this a very effective full-body treatment. Pores are temporarily dilated to allow deeper penetration into hair follicles, resulting in comfortable, long-lasting hair removal in just 10 minutes.

BEST FOR RECOVERY

Theragun Pro Plus, £549

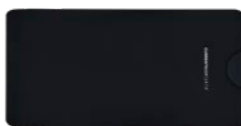

Fast-track muscle rehabilitation with this multitasker, which combines near-infrared LED-light therapy to boost circulation and soothe sore limbs with percussive therapy, heat and vibration. A smart companion app provides simple guided routines.

BEST FOR AFTER A RUN

Hyperice Normatec Premier, £999

Compression boots relieve tired, puffy legs and soothe muscle soreness. These massage devices have seven settings of pneumatic compression that you can control through an app, along with instructions on how to focus on particularly achy areas.

BEST FOR SORE MUSCLES

Currentbody Infrared Sauna Blanket, £549.99

Serious athletes and weekend warriors alike can find respite under this infrared blanket, which, by raising your temperature to trigger sweat, promises to relieve stress, burn up to 600 calories and support recovery after exercise, while you rest.

WELLNESS

Invest in self-care with these clever contraptions

BEST FOR HEALTH TRACKING

Oura Ring 4, from £349

This unobtrusive ring, worn on any finger, monitors your heart rate, body temperature, sleep patterns and stress responses, tracking them on an app to help you better understand your body.

BEST FOR WEIGHT TRAINING

Technogym Connected Dumbbells+, £2,530

Increased lean muscle is an essential metric for longevity, so weight training is key to good health. These adjustable training dumbbells connect to an app to adjust and optimise your workout according to your performance.

BEST FOR EXERCISING

Apple Watch Series 10, from £399

The original Apple Watch, which provided vital sleep, respiratory and cardiovascular insights, has been made even more impressive with additional temperature sensing and enhanced ovulation tracking, making your health goals more achievable.

BEST FOR SLEEP

Eight Sleep Pod Ultra 4, £3,999

This innovative dual-zone mattress uses sensors to respond to your natural habits, offering differing temperature control for couples and automatic repositioning in response to snore detection.

BEST FOR FITNESS

Whoop 5.0, membership starts at £169 a year

This comprehensive health tracker provides round-the-clock insights into hormonal health, blood pressure and sleep quality, and now features an in-depth heart screener with an ECG to monitor your heart rate.

BEST FOR STRESS MANAGEMENT

Nurosym, £599

Used in daily sessions of 30 to 60 minutes, this electrode can help reduce fatigue, inflammation, anxiety and poor sleep by 'rebalancing' the vagus nerve, triggering your natural rest-and-digest response.

BEST BLOOD-PRESSURE MONITOR

Hilo Band, £209.99

Engineered to measure hypertension and night-time arterial pressure, this wearable heart-rate tracker allows you to assess the impact of diet, stress and exercise, and make meaningful lifestyle changes.

BEST EARBUDS FOR SLEEP

Ozlo Sleepbuds, £299

Founded by ex-Bose engineers and developers, Ozlo is a sound-tech company that prioritises undisturbed rest. The soft, silicone-based design sits comfortably in the ears all night, allowing for up to 10 hours of soundscaping.

BEST EARBUDS FOR WORKOUTS

Beats by Dre Powerbeats Pro 2, £249

These brilliant earbuds, which monitor your heart rate as you work out, stay in place thanks to new secure-fit ear hooks. They're also resistant to sweat and water.

FACE & NECK

Devices that define features and clarify skin

BEST FOR
MULTITASKING

*Shark CryoGlow Under-Eye Cooling
and LED Mask, £299.99*

This versatile product offers a 360-degree approach to skin health. Targeted LED courses promote firmness and clarity in the skin, while cryotherapy patches soothe the under-eye area.

BEST FOR
BLEMISHES

Ziip Halo, £379.99

This pocket-friendly gadget repurposes Ziip's signature microcurrent technology, usually intended for sculpting and lifting the skin, to target redness and inflammation. It also reduces acne-causing bacteria, preventing future breakouts.

BEST FOR
SCULPTING

Currentbody Skin LED Eye Perfector, £189.99

The original – and still our favourite – nanocurrent and microcurrent gadget for instant lifting and tightening, plus collagen-boosting over time.

BEST FOR
EYES

Ziip Dot, £169.99

This British brand is the gold standard in LED tech. It uses 80 bulbs of amber, red, deep-red and infrared light to stimulate collagen and elastin, helping iron out crow's feet, frown lines and wrinkles, while addressing dark circles around the eyes.

BEST FOR
GLOW

TheraFace Depuffing Wand, £125

Thanks to a combination of cold and heat therapy, this compact tool boosts radiance and elasticity in tired under-eyes. An essential for frequent travellers.

BEST FOR
LIPS

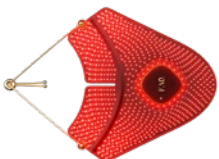

Dr Dennis Gross DRx SpectraLite LipWare Pro, £149
LED light across four wavelengths increases volume, smooths lines and encourages circulation for healthy, full-looking lips. Wear for three minutes a day for best results.

BEST FOR
VISIBLE LIFT

Facegym Pro, £633

This at-home toning tool tackles slack complexions through patented triple-wave (low-, high- and medium-frequency) microcurrent technology. Offering results in one 10-minute session, it stimulates circulation for a contoured appearance.

BEST FOR
THE NECKLINE

FAQ 211 Neck and Décolleté LED Perfector, £379

For sagging, wrinkled skin, this flexi-fit silicone mask, which features eight wavelengths of light, including near-infrared, is clinically proven to reduce lines by 32 per cent in two weeks. Regular use improves the skin's firmness and elasticity.

BEST FOR
CLEANSING

Sarah Chapman Pro Hydro-Mist Steamer, £138

Amplify your deep-cleansing facial wash with this facial humidifier. It mimics the skin-softening effects of an in-clinic treatment by penetrating pores with microscopic particles, removing excess make-up, oil and impurities.

BEST
LED MASK

MyBlend MyLEDMask, £1,175

Pulses of LED and infrared light from 288 bulbs regenerate collagen to restore a youthful complexion, with three programmes for varying skin tones. The ergonomic design comfortably covers every inch of the face and neck.

BEST FOR
TIGHTENING

Keren Bartov the Wand, £1,650

Increased collagen production and blood circulation are prerequisites for youthful skin, so a tool that achieves both in seven minutes is a worthwhile investment. Using red-light therapy and radiofrequency, it also improves the absorption of moisturiser.

BEST FOR
TARGETED
TREATMENT

NuFace Fix Microwand, £185

This compact design sends microcurrents to precise locations on the skin. Select from three areas of focus – eyes, lines and lips – to refresh tired eyes, smooth texture or boost circulation for a fuller pout. □
