

VITAPUR PARTNERS MANUFACTURERS ASSOCIATION OF NIGERIA (MAN), ENGAGES PHARMACEUTICAL COMPANIES (INCONCLUSIVE)

Vitapur Nigeria Limited has partnered with MAN to educate pharmaceutical companies on the importance of clean room in pharmaceutical companies. The event which was focused on the pharmaceutical industry held on the 25th of August, 2021.

The event, hosted by MAN, was centered on the impact of free trade on the pharmaceutical industry and other discussions on the importance of clean rooms to the pharmaceutical industry. This Clean room is a facility used in specialized industrial production, manufacture of pharmaceutical items, integrated circuits, LCD, OLED and micro LED displays.

“The clean room initiative is one that is designed to maintain extremely low levels of particulates, such as dust, airborne organisms, and vaporized particles. We at MAN, prioritize the hygiene of manufacturing environments and its interaction with anti-bodies that may be harmful to both manufacturers and end-users.” Said Mr.Segun Ajayi-Kadir, Director General, Manufacturers association of Nigeria.

Following the directory of the National Agency for Food and Drug Administration Control (NAFDAC) on the compulsory need for clean rooms in every pharmaceutical company, Vitapur made a presentation to the members of the pharmaceutical industry highlighting the importance of having clean rooms in their various pharmaceutical companies.

Director General, NAFDAC, Prof Mrs Mojisola Adeyeye in her statement highlighted the reason for the compulsory mandate, “we can’t possibly under stress the importance of clean rooms. They are very effective for proper pharmaceutical environments and are designed to maintain cleanliness and proper hygiene in pharmaceutical environments, hence its importance.”

The General Manager of Vitapur, Mr Yemi in his statement, made assurance of continual support of shared goals with the pharmaceutical industry and promised to keep working towards using their array of insulation products to ensure a safer and more hygienic environment for pharmaceutical companies.

The event was graced with other notable speakers in person of the Chairman, Chemical & pharmaceutical Sectoral Group, Mr. Rotimi Aluko, and Dr. Osidipe I.O. Members of NAFDAC, MAN and the pharmaceutical industry were also in attendance.

Vitapur Nigeria is a leading manufacturer of rigid polyetherane insulation products, one of which is the sandwich panels, suitable for insulation of walls and ceiling for temperature regulation and humidity control in laboratories, clean rooms, chillers, production halls, operation theatres, porter cabins and all temperature-controlled areas.
