

MICROMAIN™

Hi there,

Thank you for being a valued MicroMain Global user. I wanted to reach out to you personally and see if you needed any help with your software. Have questions? Unsure if you're getting the most out of MicroMain? (It *is* loaded with cool features, after all). Need to air a grievance, or just want to talk shop with an expert? [Reach out to us](#) and we'll help you get sorted.

Your subscription comes with free ongoing technical support, so don't miss out.

FAQs

What if I need help after the initial training?

Not to worry! Our software implementation specialists are here for you. If you have questions or need to request additional training, [reach out to us here](#).

How do I optimize my maintenance planning strategy?

A great software solution is only one part of effective maintenance management. To stay on top of work orders and avoid unplanned downtime, you need a maintenance planning strategy. See our [most recent blog post here](#) and book a call with us if you still have questions.

What if I have more questions?

Reply to this email with your questions and we'll respond within 24 hours. You can also call us at (512) 328 3235 or schedule a call with me personally.

Still missing something? We offer additional services to help you configure your software exactly the way you want it.

Add-on services:

- Onsite audit
- Custom report configuration
- Data migration from other CMMS
- Onsite training (now remote due to COVID)

Want to get more out of your software? Let me know how I can help!

Cheers,
