

MICROMAIN™

Hi there,

I see massive (time *and* cost) savings in your future. For a limited time only, we're offering a *\$0 implementation fee* (saving you about \$3,000) for awesome Micromain users like you who switch from Micromain Classic to Global -- our new, [cloud-based software](#) that costs just \$39 per month per user and lets you work from anywhere.

We know what you're thinking...

How much does this cost? Does this create more work for me?

The truth is, switching to [Micromain Global](#) saves everyone money -- including us. At the moment, we pay massive fees for servers and hosting for our current Classic customer base -- and some of those costs are passed on to you. That's why we're trying to migrate all of our current Classic users over to the new system, but we need your help.

When you switch to Micromain Global, you save money, we save money, and everyone wins in the long run.

[Learn more](#)

What do I need to do to switch?

Not much! We take care of the entire process for you. Since you're already a Micromain customer, we have all of your data and we can migrate it to the new system for you.

To get started, simply schedule a quick 15-minute kick-off call with me so we can discuss your needs.

Still have doubts?

Take a look at our pricing calculator below to see how much you'll save when you switch to Global.

1st Year:

| MicroMain Global | Annual Cost |
|---------------------------|--------------------|
| Administrator License | \$2,136.00 |
| Technician License | \$15,660.00 |
| Implementation | \$0.00 |
| Training (8-Hours Online) | \$1,595.00 |
| Total | \$19,391.00 |

2nd Year:

| MicroMain Global | Annual Cost |
|-------------------------|--------------------|
| Administrator License | \$2,136.00 |
| Technician License | \$15,660.00 |
| Total | \$11,796.00 |

Have other questions or concerns? Or just want to learn more? Schedule some time on my calendar, no strings attached, and we'll discuss what's on your mind.
