

To Whom It concerns:

I worked with Chris Collora as VP of Business Development and Marketing at MC Assembly, a \$200,000,000 electronics manufacturer. His firm, The SPR Agency, was hired to assist both the social media exposure as well as video the many aspects of our business for social media and web site exposure.

Chris was the lead person for the entire video set up. He was on time, hard-working, creative and worked well with all employees to optimize the video quality. He arraigned a high-end drone video that really popped the entire video quality. When I had questions, he was prompt and very responsive to all inquiries.

Chris was also active on the social media exposure blogging, and producing articles for the web site.

We had a very complex business from a production and quality standpoint and Chris was a quick learner turning complex process into understandable elements for us to highlight.

Chris would be a good addition to a business requiring these skills.

Sincerely,

Jake Kulp
