Adventureland Gets Set for Fun and Expansion in 2025 Season

Opening on March 22nd, Long Island's most popular amusement park will add more value this year through the new 'Wave Twister' ride, new games, and additional amenities—at last year's prices

FARMINGDALE, NY — Get a head start on your Spring fun this weekend! [Adventureland](#) in Farmingdale is gearing up for an exciting expansion with its 2025 Season which kicks off this weekend of March 22nd and 23rd. As it begins its new season, Adventureland remains as popular as ever as a top tourist destination as recognized by Discover Long Island which just released a new video featuring the theme park as part of their Long Island Where You Belong campaign <https://www.youtube.com/watch?v=qaNrGavMvfc>

Long Island's most popular amusement park, offering family fun for everyone since 1962, is offering more value this year, and for the same ticket prices as last year. Earlier this year, the

park announced it is freezing its admission rates, group rates, season pass rates, and birthday party rates at the same prices from the 2024 season.

“At a time when everything around us is going up, we are proud and excited to be able to provide our guests this price freeze on admission,” said Jeanine Gentile, Adventureland Park Manager. “We are still making additions to the park, so you will definitely see some great changes for this upcoming season. But one thing that will not be changing is the admission prices for the 2025 season!”

Moon Chaser, which opened last year, is one of the newest rides visitors can enjoy. Photo Credit Adventureland

The price freeze is not the only exciting news from Adventureland. For the first time, the amusement park is offering payment plans through FlexPay for online orders of \$100 or more. This brand-new option will allow visitors to book tickets and purchase season passes online—now—and conveniently pay over time. Daily tickets and season passes are currently available for purchase online. For full details please visit <https://adventureland.us/?keyword=Tickets>

The highly anticipated new ride Wave Twister will open later this spring. Photo Credit Adventureland

Last year, Adventureland announced plans for a multi-year, five-phase \$15 million redevelopment. Now currently in phase 2, the amusement park promises a ‘Bigger and Better’ 2025 season, which includes two new outdoor games: ‘**Wave Blaster**’ and ‘**Jungle Run**.’ Additionally, plans are in place to install three new concession stands and a third restroom facility. Especially exciting is the highly-anticipated new family ride, ‘[Wave Twister](#),’ scheduled to open later this spring.

About Adventureland

Adventureland was founded in 1962 as a local place for families to have fun and relax. Over 62 years later, the park is now a destination amusement park, home to classic rides that include our iconic Ferris Wheel and Carousel, and new thrills like the internationally-celebrated FireBall Coaster, and the custom designed spinning roller coaster, Turbulence. With rides, games, and attractions for children and adults of all ages, Adventureland is a favorite for the young and young at heart.

As a major area tourist attraction, Adventureland has a **positive impact on the local and state economy**, through **employment** and patronage to other **local companies**. Annually, the park hires over 650 part-time employees, most of whom are high school and college students. Indeed, working at Adventureland is first job for many employees. They train them in a variety of areas (e.g., cash handling, safety, guest

relations) which **prepares them with the basic skills** they will carry into their future careers. For more information, visit <https://adventureland.us/>
