Get Media Savvy.

To Whom It May Concern:

I am pleased to provide a reference for Mr. Chris Collora.

Mr. Collora was an active, caring member of the Long Island, N.Y. media community for many years. He has experience as a reporter and editor working across multiple platforms, which provides him with a varied and well-rounded approach to helping organizations tell their stories effectively.

Mr. Collora served as a panelist at several Fair Media Council events which are designed to bring the media and public together to create an open dialogue and build mutual understanding. Mr. Collora's willingness, devotion and work ethic were readily transparent and will be an asset to organizations he works with in the future.
