

INTRODUCING
ARHAUS BATH

*Here, the bathroom transforms from a place of routine into a private retreat. A quiet pause.
A serene space where global design sensibilities are softened by natural materials.*

Crafted with the same thoughtful care and incredible craftsmanship that define our collections, we are thrilled to introduce a new chapter in our story—Arhaus Bath.

Designed with reverence for both form and feeling, we believe that beauty should never compromise function. From vanities, cabinets, and etageres crowned with marble or stone to Turkish cotton bath towels that wrap you in unmatched softness—the silhouettes are inviting, the materials purposeful, and the finishes quietly luxurious.

We invite you to explore our thoughtfully curated bath collection; where each piece is meant to live with you and your everyday rituals.
