

The Art of Being

I've never been in movies,
No,
but you saw me on yesterday's
episode.

"Which one?"

All of them.
None of them.

I was there,
Though,
and I was smiling through your
screen.

"Which television?"

All of them.
None of them.

You were there,
Too,
and they'd change the channel.

and we'd remove our faces.

"Which faces?"

All of them.

None of them.

We're all actors, aren't we?
