

TALENTNET BUSINESS INNOVATION SHOWCASE - EXCLUSIVE REGIONAL EXCURSION IN SINGAPORE COMMENCES TODAY

Singapore, 19 June 2019 – **Talentnet Business Innovation Showcase 2019**, the regional business excursion designed exclusively for Vietnamese enterprises, gets off to a rousing start. Taking place from 19 to 21 June 2019 in Singapore, the event has attracted in excess of 50 CEOs, business leaders and HR practitioners from more than 30 homegrown companies. Initiated and organized by Talentnet Corporation in collaboration with the Singapore Human Resources Institute, Talentnet Business Innovation Showcase 2019 brings together the brightest minds in the given field for the sharing of insights, ideas and best practices on successful people management, as well as the exchange of proven tools and strategies.

Under the theme of “**ZigZag Transformation**”, the event is designed to equip participants with disruptive approaches to innovative HR strategies and practices through compelling speakers, engaging office visit and in-depth discussion. With Talentnet Business Innovation Showcase, the transformation journey of Vietnamese enterprises has been mapped out as the “zigzag” path, which suggests the new roadmap for getting ahead. Instead of picking a final destination and trying to close the gaps, enterprises can try out new ideas and concepts, adopt multiple perspectives, keep an open mind in HR processes, as well as welcome changes and innovation when needed. Along the journey of “ZigZag Transformation”, enterprises are expected to become more future-ready by “zigging” nearer to digitally disrupted business market, as well as more strategic by “zagging” to regional best practices and like-minded network.

Gex Ventures, Google, Harman, Heraeus, Oracle, and Unilever Singapore are amongst the host companies who are sharing their best business insights and success stories on people management. These companies continuously demonstrate true excellence in HR and have been recognized with prestigious business and HR awards over the years. Some of the pertinent topics and key issues covered in the event include: Rethinking HR in changing business model, The art of talent management and engagement, Leadership in innovative disruption era, and numerous others.

Not merely a fertile ground for in-depth knowledge sharing, Talentnet Business Innovation Showcase 2019 also provides an opportunity to get immersed in the most attractive work environments in Singapore, in which participants can leverage upon to broaden their mindsets and widen their horizons.

“The rapid pace of development in the era of Industry 4.0 poses enormous pressure and challenges for HR personnel, as they have to deal with substantial changes in business

strategies, customer requirements, and employee expectations. Therefore, HR leaders and practitioners need to be even more flexible and adaptable, steering change and responding to change in order to stay ahead of the pack. Regional outreach to those companies taking the lead in HR transformation becomes essential that every organization should take into account to secure sustainable business growth,” shared Ms. Tieu Yen Trinh, CEO of the Talentnet Corporation, Chief Organizer of TBIS since 2017.

“Talentnet Business Innovation Showcase is where participants will be inspired and empowered by practical takeaways from top enterprises in Singapore. Through this event, Talentnet looks forward to enhancing an impactful HR strategy which encourages a positive workplace and high-performance culture across corporates in Vietnam. These will further help bridge the gap of people strategy between local and regional companies, as well as leave a positive impact on the local HR arena,” said Ms. Nguyen Thi An Ha, Head of Marketing and Communications of Talentnet – Chief Organizer of TBIS.

Mr. Eddie Lee, Executive Director of the Singapore Human Resources Institute (SHRI), Co-organizer of TBIS 2019 also shared, “As the pace of change quickens and the role of HR has been particularly impacted by the technological growth, adaptability is becoming an intrinsic part of business success. As such, learning the advanced practices and staying updated with regional/global HR standards are of growing importance to create an adaptable and innovative workforce that helps ensure company longevity. Backed by the success of the 2017 edition, we are so glad to continue collaborating with Talentnet to bring back the event to support Vietnamese companies and HR community. I believe when HR is properly invested, Vietnamese businesses will soon move closer to full global integration with an agile workforce.”
