Big Brunch Box Now Delivers Brunch Foods Across Long Island

Southampton, N.Y.-based food-service company offers contactless delivery to combat COVID-19.

[SOUTHAMPTON, N.Y. - March 28, 2021] — Big Brunch Box, a new establishment that features specialty and high-end brunch foods on the weekends, announced that it will now offer contactless delivery to customers' doorsteps across Long Island. Allen Dalton founded the Southampton, N.Y.-based food-service company, and its grand opening occurred this past June. Dalton conceived his business idea at the pandemic's outset in March while reminiscing about the childhood dinners he enjoyed having with his grandparents.

"I knew it would be quite some time before we could 'do brunch' and enjoy our favorite foods with extended family and friends," Allen said. "But at least this way, you could enjoy it at home."

Besides its selection of gourmet foods, Big Brunch Box offers products from famed brands like Carnegie Deli, ACME Smoked Fish, Kossar's Bakery & Deli, Charlie Vergos' Rendezvous, Jennifer Fisher Salts, Cloud Water, Daily Dose, and more. Patrons can place orders through Wednesday, and one of Big Brunch Box's employees will deliver their food on Friday. To place an order or for additional information, visit www.bigbrunchbox.com, email bigbrunchbox@gmail.com, or call 516-369-3700.

About Big Brunch Box

Allen Dalton launched Big Brunch Box in June 2020 to provide contactless delivery services of specialty and high-end brunch foods on the weekends to people across Long Island during the coronavirus pandemic. The Southampton, N.Y.-based food-service company offers its selection of gourmet foods and products from notable brands like Carnegie Deli, ACME Smoked Fish, and more.
