Title: Welcome to [Course Name]

Hello [Person's Name]!

Welcome to LetsUpgrade! We're glad you are here with us.

Thank you for signing up for the Web Scraping in Python Zero to Hero Essentials Program. We are excited to welcome you to this program and our platform, LetsUpgrade.

You've already taken a first step, now let's continue our journey of growth with the most trusted platform for education and technology.

Why this course?
This course will enable you to develop and furnish essential skills required to excel in the market. You will practice hands-on projects to shape the provided knowledge into an asset. The program is aimed at sculpting and diminishing the gap between theoretical and practical knowledge and its application. You will be taught by the top industrialist and technicians within the field to give you proper insight of the market and prepare you professionally for the same.

This is a 10+ Hours of live program that will be conducted especially for working professionals and students, engaging you in an extreme session of learning and upgrading yourself.

How to Get Started?

Everything you need to familiarise with the course is available on the website. Here you will get the overview of what to expect from the sessions, aims and objectives of the course and assignments.

The live sessions will commence from 12th August 2021. You can access the same on our Youtube channel or LetsUpgrade platform.
