Touch-Free and Worry-Free Dispensing

Save Time and Labor with ES8 Dispensers

The PURELL® ES8 dispensing system eliminates battery change-outs* with Energy-on-the-Refill technology. It also helps streamline maintenance with AT-A-GLANCE™ refills allowing you to check product levels instantly. With the ES8, your students and staff can always have proper hand hygiene available. Read more about this innovative, touch-free dispenser.

Soap and Sanitizer = A Winning Team

It doesn't take a rocket scientist to know kids often do not wash their hands properly. But science has revealed in a recent study that children had 10 times fewer germs on their hands after using PURELL® Advanced Hand Sanitizer versus plain soap and water.¹ With PURELL® ES8 hand soap and sanitizer dispensers readily available throughout your school, students and staff can have the best of both worlds. Read more about the study and the added confidence PURELL® hand sanitizer can bring.
