THE DIFFERENCE IS CLEAR

The Best Defense Is a Good Response Plan. Be Prepared.

[Find a Distributor](#)

Ready When You Need It

PURELL™ Body Fluid Spill Kits have what you need to effectively clean up and sanitize surfaces after an incident occurs.

Accidents happen, which is why it's important to have a comprehensive solution on hand to effectively simplify the response process. The PURELL Body Fluid Spill Kit is designed to support your organization's food safety and risk management programs. Each kit contains a set of components which together work to protect your employees and guests and reduce the risk of foodborne illness outbreaks.

Complete Solution

Single-use kits help prevent cross-contamination and help eliminate germs that may cause illness with effective cleaning and sanitizing products and head-to-toe personal protection.

Industry-Leading Products

Kit contains PURELL® Foodservice Surface Sanitizer with an effective one-step formula, rapid kill times, hard and soft surface performance, and no rinse required on food contact surfaces. Complies with FDA Food Code and OSHA.

Cost-Saving Benefits

Avoid potential added costs or revenue loss for decontamination services, store closings, or food litigation lawsuits.

Investing in body fluid spill kits is a smart business decision.

Norovirus is a serious issue for food safety managers. PURELL Body Fluid Spill Kits include PURELL Foodservice Surface Sanitizer which can prevent the spread of norovirus. Our disposable spill kit helps avoid unexpected fees associated with an outbreak and potential delays due to decontamination services and the health department, all while reducing clean-up time.

Simplify your response process to body fluid spills.

Each kit has a three-year shelf life and features everything needed to safely remove vomit, blood, feces, other body fluids, and broken glass from your facility. Kit includes PURELL Foodservice Surface Sanitizer (8 fl oz), PURELL PERSONALS™, OSHA Kits.com Absorbent Powder, sustainable heavy-duty scraper and pan, head-to-toe protection kit, three medical-grade absorbent towels, two large black trash bags with ties, bilingual, step-by-step instructions.
