Dear < Salutation>,

<Name>, help more kids like Kai beat cancer in the new year.

I felt helpless. My son could die.

It was days before Kai's 9th birthday when I noticed his calf was swollen. After the biopsy, he was diagnosed with Stage 4 of a very aggressive cancer. Everything inside me went numb when they told us it could be terminal. **But thanks to your generous support**, **<Name>**, **Trillium Health Partners was able to provide the life-saving care Kai needed to beat the odds and survive cancer**.

Kai had access to such exceptional care because of donors like you, <Name>, who support Trillium Health Partners. And this holiday season, your generosity will go even further because **all gifts received before December 31**st **will be matched. Your gift of \$<Ask3> will help fund \$<Match3>** towards the highest quality care for children with critical illnesses.

My son underwent two years of weekly chemo treatments at POGO (the Pediatric Oncology Group of Ontario clinic) at Trillium Health Partners. It was incredibly hard on all of us. On top of being consumed by worry, juggling work and taking care of our family was non-stop. One parent looked after our young daughters, while the other took Kai to his treatments. But having the Hospital only 20 minutes away from our house made a big difference.

In fact, **Trillium Health Partners operates the largest Pediatric Oncology Satellite Clinic in Ontario.** That means families like ours don't have to travel far for cutting-edge medical procedures and essential bloodwork. **Last year alone, the Hospital's Pediatric Oncology Unit treated more than 130 children and performed over 1,600 chemotherapy and follow-up visits.** Our Hospital also offers outpatient pediatric clinics for a full range of conditions facing children, including diabetes, mental illness, asthma, and obesity.

Your generosity helps deliver state-of-the-art, family-centered care that children with cancer, like Kai, count on. **Give a gift of \$<Ask1> to help fund \$<Match1> towards special pediatric equipment and revitalized spaces**, including blood pressure cuffs, treatment rooms, parent daybeds, and play areas with toys, games, murals, tablet stations, and TVs — **to help kids be kids while they fight the biggest battle of their little lives.**

As our community grows and becomes more diverse, so does the need for specialized care for our children. **Did you know the number of children in our community is expected to climb by 39 percent in the next 20 years?** More and more families are struggling to provide their children with the care they need to get the best possible start in life.

Together, we can help families across our region battle pediatric cancer and other complex health concerns for kids. <<u>Name</u>>, today's holiday gift of \$<<u>Ask2</u>> means \$<<u>Match2</u>> towards life-saving care for all our children — so no one gets left behind in the new year.

Please see over ...

YES, I want to give \$<Ask2> today and provide life-saving health care in my community!

METHOD OF PAYMENT

After two years of receiving care at Trillium Health Partners, Kai's cancer is finally in remission and he's back at school enjoying his normal routine.

If it wasn't for Kai's team at Trillium Health Partners, our son wouldn't be here today. Everyone was incredibly dedicated, skilled, and caring. They were always looking out for our little boy and felt like part of our family. We are beyond grateful for generous donors like you, <Name>, who ensure exceptional care is always available close to home.

Your holiday gift of \$<Ask2> will make 2X the impact on our Hospital and all the young patients and families whose lives it impacts. Please give today by using the enclosed reply form or visit trilliumgiving.ca/givetoday.

From the bottom of my heart, thank you for supporting Trillium Health Partners and helping more children in our community return to their lives and families who love them. We wish you and yours a happy and healthy new year – from Kai and our entire family!

Sincerely,

Kathryn Connors

Kathryn Connors Mother of Kai (cancer survivor and former Trillium Health Partners patient)

P.S. Mame>, don't miss your opportunity to make twice the impact. Take advantage of this limited-time match and mail your gift before December 31^{pt}.

P.P.S. your end-of-year donation qualifies for a 2023 tax receipt!

LEAVING A LEGACY AT TRILLIUM HEALTH PARTNERS

Did you know that you can extend your support for Trillium Health Partners beyond today with a legacy gift? Also known as estate or willed gifts, legacy gifts are a great way to show gratitude for your local hospital and ensure that future generations in our community will continue to receive the highest quality care possible.

If you'd like more information about how to leave your legacy at Trillium Health

Partners, I can help.

I look forward to hearing from you!

Tharani Rajan
