

My dog is my best friend  
He's so fluffy  
His eyes are the color of a dream that will never end  
He's the same color as a chocolate and he's very puffy  
He loves to lick me until my face is wet  
If he could he would eat all day  
He loves to play with tennis balls all day  
He will play with anything even a place set  
We always play  
He is my best friend every single day  
He is better than any fish  
He's better than any cat  
He's everything a little kid would wish  
He hates bats  
But he loves to play with other dogs  
Big ones and small ones  
Fluffy or no hair  
They play until their brain fog  
They even share the same water  
They are the perfect pair  
He is my best friend  
He is my first dog  
Just me and him till the end  
Been through the fog  
No one can replace him  
She does everything a regular best friend would do  
And he will never hurt my feelings  
I call him little Tim  
Our time together is never a boo  
He's my best friend
