

Hurt to walk  
*the dog* ?

*Let's talk.*

DeKalb Medical  
Joint Solutions Center

## Pain got your life on a leash?

It's not just Fido who's missing his walks and catching your Frisbee. He knows your life hasn't been the same since that pain started in your knee. But, knee injuries are one of the most common orthopedic injuries. One out of every seven men under age 55 has had knee pain in the last month.

## What can be done about knee pain?

Knowledge is the key to overcoming joint pain. If knee pain affects your daily activity, attend a free seminar sponsored by DeKalb Medical's new Joint Solutions Center. So, if it hurts to walk, let's talk! Call **404.501.TALK (8255)** or email **letstalk@dekalbmedical.org** to talk to a Joint Solutions Center specialist or talk to a former hip or knee replacement patient. Learn more at **www.hurttowalkletstalk.com**.
