WHAT WOULD YOU GIVE
FOR A SECOND CHANCE?

WHEN MINUTES MATTER...
WE'RE HERE 24/7

Because we know emergencies don't stand still for anyone, neither will we as we strive for a new era of emergency medicine excellence at DeKalb Medical. **Building the Future of Emergency Medicine: When Every Second Counts** will help us deliver on DeKalb Medical's dream of designing an ER based on the desires of our doctors and the needs of our patients. Our \$2.1 million dollar campaign will help fund a reimagination and renovation of our Emergency Center that supports optimal response times in a setting that comforts and cares for patients during life's most stressful times.

AUTHOR MAYA ANGELOU

Staffed by some of the nation's most compassionate and capable emergency physicians, DeKalb Medical is committed to delivering quality care when emergencies inevitably arise. We thank DeKalb Medical's life-saving ER doctors for “making a difference” and for their gift of \$100,000 to the **Building the Future of Emergency Medicine: When Every Second Counts campaign.**
