

## Why Use NATUROIL?

### Testimonials

"I love this stuff! Escape Artiste is the best all purpose product I have ever used on my face, and it smells great! It has evened out the pigment in my skin,

minimized my wrinkles and reduced my sun damage!"

*Marjorie from New York (age 44)*

"I'm using Escape Artiste on my chest area, and the skin there (which had a lot of sun damage and old looking skin) has improved greatly. One of the things I love about your oils is that I can use just the one thing on my face and body, and I don't have to use any other products!" *Valerie from Tennessee (age 70)*

"As a long time user of Escape Artiste, I was truly amazed at the disappearance of age spots on my hands and arms. It surpasses anything that I have ever tried and leaves your skin a nice silky texture."

*Caroline from Georgia (age 60)*

"I would definitely recommend Touchup. I have had many of my patients, with large surgical scars, have little to no visible scarring after using it! It's fast and effective."

*Laurri, MHSPT (physical therapist) from Georgia*

"I used Touchup on a small knot of scar tissue left over from the plastic surgery I had on my eyes five years ago, and it has been eliminated. It's wonderful!"

*Mrs. Durham from Tennessee (age 71)*
