Dog

You know what's really scary? How many shelter dogs need homes.

3.6 million dogs enter
shelters every year.

Only 2.2 million dogs will
be adopted this year.

About **99% of shelter dogs**
are healthy enough
to be adopted.

400,000 dogs are
euthanized every year.

The best way to help: Be a dog parent this Halloween. When you start your search on Adopt a Pet, you'll get tools and advice to support you throughout the adoption process—and into life as a new pet parent.
