# 5 Reasons This Active Botanical Face Oil Excites Women Over 35 To Flaunt Beautiful Skin

Over 760 five-star reviews can't lie. Women who have tried our **Rejuvenate Restorative Face Oil** swear to how dramatically moisturized and vibrant their skin looks and feels in just a few short weeks!

Find out why our face oil graces them with radiant skin that visibly reduces the appearance of fine lines, wrinkles, and gives skin a healthy glow. Here are 5 reasons why they love our formulation:

## 1. Seals In Moisture

Rejuvenate Restorative Face Oil is expertly formulated to gently nurture skin through its natural, graceful aging process.

Most skin over 35 starts thinning, drying, and slowing down its ability to restore moisture as it ages. So mature skin can become more sensitive, requiring optimal care.

Face oils serve as a barrier that holds moisture in the skin without clogging pores. We recommend using a hydrating water-based serum in conjunction with a moisturizing oil. Our Renew Resurfacing Night Serum makes an optimal partner helping to hydrate skin while also resurfacing dull surface cells.

Moisturized skin allows fewer lines and wrinkles to show. Skin will feel petal-soft and appear firmer and brighter.

## 2. Clean, Cold-Pressed Oils

Rejuvenate Restorative Face Oil is a beautiful melange of cold-pressed, local, and active botanical oils.

Sustainably grown fruit seeds and nuts, slowly pressed, extrude premium oil, and are rich with natural, nourishing nutrients. This type of extraction doesn't involve heat or chemical solvents for oil refinement.

Our organic oils are extracted from plants grown without toxic fertilizers or pesticides. Our therapeutic blend provides essential fatty acids, antioxidants, vitamins, and nutrients.

The combination of nourishing oils, such as sweet almond, argan fruit, and rosehip, creates a supportive barrier for your skin.

## 3. Sustainably Harvested Botanicals

Your skin deserves to be nourished by premium, food-grade, natural ingredients.

For this reason, we formulate our face oils with organic botanicals that have not been cultivated with synthetic

fertilizers or pesticides.

This face oil is purely vegan, untouched by parabens, phthalates, or other harmful ingredients.

#### 4. Suitable For All Skin Types

Our face oil is a premium concentration of only natural and organic plant derivatives, so even sensitive skin may enjoy this face oil's moisture-preserving nature.

Our face oil is excellent for dry skin and incredibly moisturizing for oily and combination skin types.

Contrary to common assumptions, oily and combination skin can benefit from face oils. High-quality formulations do not add to the oily look.

Skin tends to overproduce oil while it copes with significant moisture loss. That's because sebum (oil produced by our glands) works to reduce water loss from the skin's surface. It's the body's natural way to keep water in the skin as long as possible.

The Rejuvenate Restorative Face Oil has a light, highly absorbable texture that helps balance natural oil production in oily and combination skin types. It locks in moisture while infusing the skin with essential fatty acids, antioxidants, and nutrients. This helps skin feel well-nourished with a healthy-looking glow.

#### 5. Environmentally Thoughtful

Every element of creating our products takes the environment and how to support it into consideration. We work with farms that value sustainable and earth-friendly practices as well as local sources wherever possible. Our boxes and glass bottles are entirely recyclable. Our suppliers harness solar energy to produce bottles that package our skincare.

As part of our sustainable-minded ethos, we partner with businesses that use green energy, recycle, and pay their workers a livable wage.

We also work with various organizations to plant a tree for every bottle sold.

We believe all products should be cruelty-free, which is why we are committed to working with suppliers who do not test on animals. We proudly carry our **cruelty-free certification** from **Leaping Bunny**.

## Excellent product

This product helps my skin a lot. Not only my face feels better after each night that I use it but also my hands appreciate it when I use it regularly eczema on my fingers has completely disappeared. Nothing was helping with that before. Thank You.

## Oil and serum

Was happily surprised to find that I love the face oil! Doesn't feel greasy and absorbs beautifully! No weird smell either!

## Actually Amazed

I began using Renew hoping to improve the appearance of my wrinkly, dry neck. I was excited to see that my order came with a free oil sample. The two together made such notable changes in my facial complexion and neck that I have ordered both products again. I'm 64 and these are the only products that make me go, "Wow".

## Love love love this oil !

Hands down the best face oil, smells amazing, not greasy, absorbs into the skin amazing! I use twice a day on face and neck and has made such a difference in my skin. I'm 45 and receive comments about how much younger I look all the time. I'm a forever customer.

## Multi-use

This face oil is amazing. It doesn't make me break out, and by also using it on my fingernails (yes, fingernails), they have grown longer and stronger than they ever were! I get compliments on my skin, with people asking me what am I using, I love this product!

## The best and simplest routine

I keep getting compliments on my skin. And this is why! The serum and rejuvenate oil duo.

## Honestly AMAZING

I started using the oils and serums over 1 month ago .I can not say enough good things. I work in retail and see hundreds of people a day. Honestly strangers comment on how healthy my skin looks. The oils give it a dewy soft look and feel. It is so light. I have kept up with my routine and with great success. I am going to be traveling for 5 weeks and bought all of them in travel size as to keep it up. Try them all.

## Absolutely fabulous

This is better than any other face oil, serum, or moisturizer I've used. My skin glows, but isn't greasy, and I've stopped wearing foundation because I no longer need it. It also smells delicious.

## Lovely oil

I've used other oils before and they tend to make my skin, well oily! This oil however is in a different league, smells divine and absorbs quickly. It's just a bit pricey so it may have to go on my xmas wish list!

### love this product

I discovered Naked & Thriving in May when I found their night serum in a Best Night Serums article, and when I went to buy it I was enticed to also buy the Face Oil. I had never been interested in using oil before but I am so glad that I experimented, and now I'll be hooked on it. It has had such a positive impact of my skin - it looks and feels amazing.
