

WHO WE ARE

Diploma Access Academy helps your high-promise, credit-deficient students achieve success. Our career education program supports vulnerable students who are seeking a high school diploma and career certification. On average, 84% of our students graduate and go on to continue their education, enter the workforce, or join the military. We provide a hands-off, worry-free solution with no risk and no net cost for implementation. Our infrastructure of case managers and learning facilitators expands capacity and reach to provide the one-on-one support that students and their families need to overcome the life challenges that can inhibit academic success. As a shared accountability partner, we only succeed when your students succeed.

WHAT WE DO

We specialize in reaching vulnerable students through a comprehensive network of case management services that provide multiple tiers of academic and emotional support.

WHO WE SERVE

We empower students through alternative education options that work for their schedules, learning styles, and life situations to overcome the challenges that inhibit academic success.

BENEFITS OF PARTNERSHIP

With customizable, scalable, worry-free solutions, we expand school districts' capacity and reach with no risk and no net cost for implementation and operation.

HISTORY

Diploma Access Academy was founded in 1998 by DeNae L. Reagins and Steve A. Martin. Our original mission was to help teachers integrate technology into the classroom. Today, we're a recognized leader in online learning solutions, partnering with school districts to develop programs that meet their needs--and the needs of students. We specialize in supporting at-risk, vulnerable students and provide the social and academic support they need to overcome life's challenges and earn a high school diploma and career certification. Since our inception, we have proudly served more than 29,000 students in 27 states and Puerto Rico.
