The Villas

The villas at Sanctoo were designed with romance, peace and privacy in mind. All 22 villas come with their own unique breathtaking designs that merge seamlessly into the lush Ubud landscape.

Each villa is an homage to Bali's natural beauty. The use of beautiful and premium materials sourced throughout the island adds a touch of opulence and sensuality to the interiors. Beautiful, dark volcanic rocks against polished hardwood floors and soaring ceilings and the most glorious marbles will set you immediately at ease.

Villas overlook the vast Ubud jungle or the Wos River, and come with a stunning sparkling cerulean blue pool, a gazebo and a spacious sundeck for sunbathing. Lovely art pieces hang on the walls showcase the Balinese at their craft.

There is a king-sized pillow-top bed, one of the most comfortable you'll ever sleep in, a desk, a magnificent walk-in closet and vanity, and a breathtakingly spacious bathroom with an extra-large bathtub, shower, his and her sinks and clear skylights. The entire space overlooks the pool and garden, and all sliding glass doors located on all sides of the villa can be opened to the fresh air and the elements.

Surrounding each villa are tall walls of volcanic rocks, covered with lush greenery and delightful creeping plants and bamboo. Take a walk outside on the leaf covered pathway – follow the path towards a charming bridge that leads to the spa and you might just be lucky enough to spot a family of elephants having their morning bath!

The Suites

Designed for relaxation and adventure, the Suites at Sanctoo are sleek and sophisticated with all 26 units overlooking a remarkable lagoon pool that mimics a natural watering hole of the African savannah. In the distance are the open sky and the treeline bordering Ubud's lush jungles. Next door, the Savannah at Bali Zoo adds to the ambiance of an African safari with giraffes, zebras and other wildlife roaming freely within their sanctuary. The entire property looks out regally across the open landscape, allowing guests to enjoy a sense of openness and space.

Each spacious and contemporary suite comes with splendid interiors that make use of neutral colours, gorgeous textures and natural light. There are tribal art pieces with savannah-inspired furnishings to put you in the mood for a jungle adventure as well as all the modern-day amenities including a 43' LED flat-screen TV with international channels, individual air-conditioning units, coffee and tea facilities, mini bar, in-room safe, a sturdy and solid hardwood desk with a matching chair and armchair, plenty of storage space and your very own outdoor terrace with its own glass doors and floor-to-ceiling windows so you can bask in the morning sun when you awake.

All facilities are brand new and first-class, including a bathtub in every bathroom, a rain shower and hot and cold water. As guests at Sanctoo Suites and Villas, you'll enjoy access to complimentary WiFi throughout the entire resort area and special prices to the activities at Bali Zoo.

Guests staying at the Family Suite and the Panoramic Suite will be right next to the Savannah at the Bali Zoo and through the lush foliage, one might even spy the giraffes, zebras and other exotic wildlife going about their day!
