The entire bathroom uses natural stone and wood, with steel and chrome fixtures and a beautiful carved door that opens up to the swimming pool outside.

Sunsets at The Kayana Beach Lombok are nothing short of spectacular, a dazzling display of God's own canvas in the shades of purple, pink, gold, blue and orange. The entire resort faces the sea and is sheltered by towering cliffs. Villas are just steps away from the sparkling clear turquoise water, and the Gili Islands are just 20 minutes away by boat, accessible directly from the resort's own private beach. Enjoy a Romantic Dinner under the stars, or even a picnic here together gazing at the wondrous creations of Mother Nature. When it's time to say your "I Do's", have the ceremony at the resort's incredible cliff-top venue overlooking the Lombok Sea, the Gili Islands, the resort below and in distance, Bali's very own majestic Mount Agung. There are hardly any other more memorable locations quite like this, the perfect starting point to begin the rest of your lives together.

And after everything is done, the bouquet tossed, the champagne's drunk and the confetti thrown, you can relax and unwind at the resort's Saxum Spa and Wellness Center. Rejuvenate, refresh and pamper yourself from head to toe with deliciously decadent body, face and hair treatments. So go ahead, begin the rest of your life right here at the brand new and beautiful The Kayana Beach Lombok, a member of The Royal Collection by Santika Indonesia Hotels & Resorts.
