

# THE HELIX

A personal way to honor a loved one or special caregiver

**Brigham and Women's Hospital**  
Founding Member, Mass General Brigham

**"The Helix display gave me an opportunity to thank my surgeon and nurses for taking excellent care of me and helping me recover. It's a way to honor those who are in the trenches every day caring for others."**

Gene Briskman  
Grateful patient

Stephen Kerins, Steve Dempsey and Presley Silva  
In appreciation for the excellent nursing care you provided me during my recent illness

**GENE BRISKMAN**

### **A reflection of your commitment to the best patient care**

Beautifully unique and colorful, the Helix display is composed of three vibrant DNA double-helix strands that tower above rows of reflective mirrors. This unique design symbolizes the Brigham's DNA and our shared commitment to providing the very best in healthcare. Each mirror can come from any individual, foundation, corporation, or business and include a personalized message of hope, inspiration, and gratitude.

Your gift to the Helix display can be made as a one-time payment or in two annual payments. You can also make a gift through a Donor-Advised Fund, an option with additional tax benefits and philanthropic flexibility.
