**BACHELOR OF COMMUNICATION (HONS) (CORPORATE
COMMUNICATION)**

**INCREMENT IN THE NUMBER OF COVID-19
POSITIVE CASES BY TOP GLOVES MALAYSIA
EMPLOYEES ON 6 NOVEMBER 2020**

KUALA LUMPUR, 6 NOVEMBER 2020 - There has been an increase in the number of Covid-19 positive cases among Top Gloves Malaysia employees.

Top Glove announced that 17 of its employees tested positive for Covid-19 after undergoing swab testing. It emphasizes that it does not predict the impact on its activities. 17 employees based at the Top Glove factory in Meru, Klang, Selangor. Top Glove has a total population of 21,000. Top Glove estimates that 8,000 (38%) are rooted in Klang, Selangor.

Along with the increase in positive cases of Top Glove Malaysia employees, several preventive measures will be implemented more seriously in the environment of Top Glove Malaysia. This is the previous Standard Operation Procedure which was not taken seriously by some members of Top Glove Malaysia. Serious action will be taken by Top Glove Malaysia if there are still Top Glove Malaysia employees who do not comply with the Standard Operation Procedure.

There are several precautions that should be taken. Among them are assisting employers in enforcing and tracking the operation of the COVID-19 Risk Control Program, advising employees on measures to be taken to prevent COVID-19 contamination, implementing control measures to prevent infection with COVID-19 recommended by MOH, WHO, and the ILO, investigate and contact managers and the Emergency Response Team (ERT) for symptoms of COVID-19 in the workplace, ensure that the temperature measurement unit is calibrated and functioning properly and ensure that an adequate supply of hand sanitizer is available in the office, and use Face masks are mandatory in open and crowing locations.
