## IT'S THAT TIME OF YEAR ONCE AGAIN..

Nothing quite says 'home' like a living room full of your loved ones and a table full of your mom's cooked meals!

All your relatives will arrive which might involve a few uncomfortable questions.

Your friends from younger years will be there, making the perfect occasion for catch-ups over cocktails.

It will be a lot to handle, but we've got you covered [reader name]!

You just need to sit down on our MARIO BELLINI SOFA and listen to Uncle Mark's karaoke attempts while your cat will try to steal the turkey from the CARRARA NUVO DINING TABLE.

# What comes next?

You made it! Everyone is gone. You can finally lay down on your HUSK BED and relax.

You will catch up on all the programs that you've missed, eat the leftovers and suddenly, you will smile!

A cheesy film marathon, a messy family, your friends sleeping on the sofa, and your pet playing next to you.. this is what Christmas is about!
