This is a work of speculative horror fiction, set in a dark reflection of our own world. Thus it contains graphic depictions of sex, blood-drinking, drugs, violence, abuse, political oppression, coercion, occultism, heresy and many other potentially upsetting themes. Recommended for mature readers and players. For advice on considerate play and how to handle sensitive themes in tabletop roleplaying games, see the section "Considerate play" in the PDF version of the "Vampire: The Masquerade" rulebook.
