This year, we are celebrating Lean Solutions Group's 10-year anniversary. Now more than ever, we are proud of the road we have taken from our small office in Cartagena to partnering with over 350+ companies and reaching incredible milestones. In the past year, we reached the 6,000-employee mark, expanded to our fifth major city: Bucaramanga, launched our fifth service: Lean BPO (Business Process Outsourcing), and expanded our services to another country: Guatemala!

This is only the beginning. As our story carries on, we will continue providing the highest quality services for our clients.

Enjoy Master Mind 2022!
