ABOUT COACH USA

Coach USA is one of the nation's largest passenger transportation companies where the top priority is the safety of its customers and employees. We operate 2,250 vehicles and have more than 3,000 employees who serve millions of passengers each year. Coach USA provides critical local and intercity transport services for communities throughout North America.

ABOUT OUR PROGRAM

Coach USA's Charter Solutions program is rooted in an operator-centered approach. Unlike brokers, we operate directly, which ensures our relationship is built on a clear understanding of your requirements from day one. We are committed to providing comprehensive transportation solutions for our clients, encompassing on-time departure, drop-off at the destination(s), and the safe return of passengers.

BENEFITS OF JOINING OUR NETWORK

NON-EXCLUSIVE CONTRACT

Our Charter Solutions program embraces a non-exclusive business model that allows our partners the freedom to work with whomever they choose, prioritizing collaboration over competition.

MUTUALLY BENEFICIAL RELATIONSHIPS

We establish strategic partnerships with carefully chosen operators, broadening our collective reach by providing opportunities to these partners and accepting opportunities from them.

RATE ADHERANCE

We respect the rates established by our partners, understanding the value they bring to the relationship and have adopted an approach that revolves around reciprocal discounting.
