Summary

Writer, editor, and podcast host with 5+ years covering history, science, and culture for digital audiences. Author of 1,100+ articles at *All That's Interesting* and host of the *History Uncovered* podcast, with appearances on Discovery Channel's *Expedition Files*. Specializes in making complex, research-heavy subjects accessible and compelling for general audiences.

Experience

Staff Writer

All That's Interesting • New York, NY (Remote)

07/2022 - 01/2026

- Authored more than 1,100 articles for an audience of 2M+ monthly readers, including daily news coverage, on a range of subjects including archaeology, science, folklore and mythology, world history, technological innovations, and biographies
- Researched, scripted, and hosted the *History Uncovered* podcast and represented the show on an episode of Discovery Channel's *Expedition Files*
- Created short-form social media video content to accompany podcast episodes, garnering hundreds of thousands of views across platforms
- Used various tools to restore and colorize hundreds of historical photographs
- Edited and updated old site content to improve readability, accuracy, and contemporaneity

Freelance Writer

Self Employed • Pittsburgh, PA (Remote)

01/2021 - 10/2022

- Pitched, researched, and authored articles for online publications such as *Discover Magazine*, *Giddy*, *Curious*, *Better Humans*, *The Writing Cooperative*, and more in various niches
 - Edited articles and oversaw site content for Cain Brands LLC, specifically *Roasty Coffee* and *Winning Homebrew*
 - Created interactive book summaries for the *Imprint* application
 - Covered a wide range of subjects including mental health, sexual health, history, design, coffee production, folklore, anthropology, video games, and local news
 - Interviewed experts in relevant fields to ensure accuracy of information and distilled complex information for general audiences
-
