One of a kind cafes. Plenty of parking.

Say Kalimera to the **real** greek experience.

You travel to discover the unexpected, to see a place and its people from the inside out. Let everyone else look for the expected, the tried and true – you want more. At Louis Cruises, we understand your particular wanderlust, and we want to show you the Eastern Mediterranean's best kept secrets. You might need to find yourself some unique transportation, but parking won't be a problem.

"Kalimera" is Greek for "good morning," but it also it means "good" in every sense of the word: quality, satisfaction and happiness... it's what we live by at Louis Cruises.

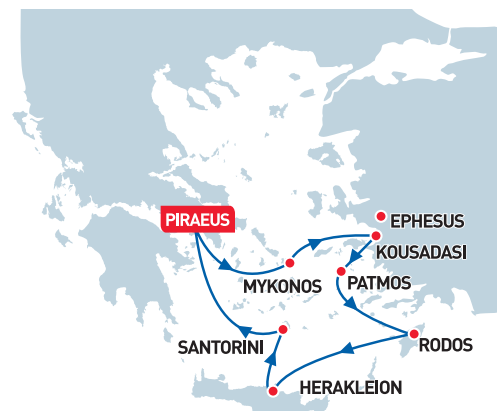

Let us show you "kalimera" is more than a greeting. And that there's more than one way up a hill.
