MARK AS COMPLETE

Music Industry professionals at the top of their game cover the key areas you need to master if you want to grow your music career, including how to make chart smashing music, how to market yourself, mastering mindset, networking skills, being a club promoter and much more.

This course consists of live recordings taken from the DJ Growth Conference 2019 @ the iconic Ministry Of Sound in London. A day packed full of presentations and panels covering everything the DJ, Producer and anyone working in the music industry needs to to make it.

Succeeding in the industry requires more than good technical skills. This course teaches how to brand yourself effectively, finish quality music and market it for maximum impact, nurture the right mindset to succeed and be happy throughout your life, launch a club night and much more.

In this course you will learn:

- How to get ahead on Beatport. Remove if we dont use clip because of quality.
- Habits to happiness, for your professional and personal life.
- How to make the most of music conferences.
- How to release your music successfully.
- How to breakthrough as a producer: workflow and mindset tips.
- Collaborate your way to success: The do's and don't of successful collaborations.
- Make yourself known: Marketing & PR for the artist and industry.
- The benefits of Beatport Link.
- How to launch an independent club night.
- Life beyond the booth: building a life alongside DJing.
- An introduction to the Maschine MK3.
- An introduction to the Traktor Kontrol S3 + Traktor Pro Tips.
- Production methods to give you that pro sound.
- Many more powerful techniques to grow your music career.
