

BREWING
INDEED
COMPANY

Blackstrap rum, lime, pineapple, demerara simple syrup, and Campari—a Jungle Bird expertly masks its potency with layers of bitter and sweet ingredients. Our take on this Tiki drink boasts Bru-1 hops for its pineapple notes, orange peel for bite, and brown sugar to sweeten the deal. A yeast with a high alcohol tolerance and tropical notes to boot make Jungle Bird as exotically boozy as they come.

THE GOODS
