Cal-Ida **WEST
COAST
IPA**

Nostalgia is cool again. Old and new collide in our modern take on the American IPA that promoted beer drinkers to craft beer drinkers back when domestics ruled the land. Classic and contemporary hop varieties collide with a dose of concentrated hop oil in Cal-Ida West Coast IPA for a more intense and pristine iteration of the style. A blend of then and now, Cal-Ida tastes just like the good old days but better.

THE GOODS
