Stephen King's epic tale comes to a mostly satisfying conclusion, despite uneven storytelling. The near three-hour running time is packed with information, but clunky pacing fails to sustain suspense—especially when the adult-versions of the Loser Club split up to find their childhood tokens to use in a ritual to defeat IT. Overall, acting is strong across the board, although the teen actors from part one possessed a more organic chemistry. Despite reducing the final confrontation's significance to slinging verbal insults to defeat IT, the film still manages to balance childhood nostalgia without being sappy and retain its emotional heart.

Sean Woodard, *Film Editor*
