

Walker Zanger Introduces Exquisite Glass Mosaics Collection: Shimmer

For Immediate Release.

Los Angeles, CA – Walker Zanger continues to push the boundaries of materials by elevating them into art pieces. North America’s most beloved stone and tile brand announced today the launch of Shimmer, a collection of hand poured artisan molten glass mosaics that are as artistic as they are luxurious.

Combining old-world handmade techniques with modern factory processes, Shimmer captures a classic appeal mixed with contemporary design. Walker Zanger brings together neutrals, blues, and greens with hexagon, herringbone, and organic shapes to create a collection that captivates the eyes of any viewer. Whether it’s used to create all-over monochromatic designs or combined with contrast colors, Shimmer’s reflective iridescence is distinguishable.

“Available in colorful hues and inspiring new finishes, these glass mosaics can be contemporary, transitional, and can even lend themselves to traditional design possibilities, said Suzi Portugal, VP of Design and Sourcing for Mosaic Companies (Walker Zanger’s parent company). “These glass mosaics have an incredible array of tones within each color. There are various shapes, including the hand-cut Surf pattern, so let your imagination run wild with unlimited and expressive ideas.”

Shimmer elevates bathrooms, kitchens, living rooms and more with unique elegance. Designed with a matte finish, its applications extend from residential to commercial spaces. The glass mosaics also feature frost-resistance, making them suitable for outdoor pools and spas as well. A luxurious and versatile collection with an impressive list of capabilities, Shimmer is comprised of five patterns and six colors – including twenty-four 12”x12” mosaics and six 24”x24” mosaics.

About Walker Zanger

Walker Zanger is North America’s most beloved high-end brand in slabs and tiles. For over 70 years, the company has helped design-trade professionals and homeowners realize their boldest design dreams with the most unique, original, and thought-provoking surface materials. Walker Zanger is a leading industry expert and is often the first to discover new materials, styles, innovations, and specialty surface products. Rooted in natural stone design, the company continues to push the boundaries of possibility, including recent introductions of cutting-edge materials like recycled glass slabs and porcelain slabs. Today, the company carries its innovative spirit with equal passion in its curated showrooms and slab galleries and dealers nationwide.
