- ✔ Review and securely pay your medical bills — no paper, no fuss
- ✔ Talk online with a board-certified physician about your symptoms
- ✔ Check in to the emergency room from your device

Frequently Asked Questions

How does My Health Rec work?

You'll have instant 24/7 access to your lab results, medical records, and medical bills. You can also talk to a physician online, check into the E.R. from your device, and find a doctor or specialist near you.

Can anyone enroll in the patient portal?

The My Health Rec patient portal is exclusive to patients who received care at [insert hospital name here].

Is my personal and medical information secure?

My Health Rec is a 100% secure site, and all of your records remain confidential according to HIPAA guidelines.

Can I download my health information to my smartphone or computer?

You have the option to download and save your records to your device. Please note, however, that once you download information to your personal device, it may no longer be secure.

Can I really talk to a doctor online?

Yes. The portal offers online access to discuss your symptoms with board-certified physicians. You can also check in to the emergency room from your device before arriving at the hospital.
