

# Get ahead of the game

**Front Runner**  
**INNOVATE**  
Microsoft SQL Server 2008

Want to give your team the edge?  
Join Front Runner for Innovate On today.

In the software business, the difference between a touchdown and a fumble is good preparation. So get your playbook in order, and kick off the next stage of your team's development now.

You'll get end-to-end support for Microsoft® SQL Server® 2008, from technical troubleshooting to marketing advice. Not only that, but your people can blitz our training resources and learn the latest development power plays.

When you're ready for your big moment, our lightning-quick marketing templates will help you get the message out to your customers. You'll also earn the right to put the Front Runner badge on all your own communications. Wear it with pride, and let the crowd know you're one of the first to develop on SQL Server 2008.

Don't miss out. Solutions need to be completed  
by April 3rd, 2009. Sign up today!
