

Subject: Vita Living Run for a Reason support

Join Vita Living to Run for a Reason in the 2024 Houston Chevron Marathon

Hello _____,

I hope this email finds you well!

The 2024 Chevron Run for a Reason Marathon is coming up, and we at Vita Living are racing to find participants!

What is Vita Living you might ask? Vita Living is a non-profit organization which provides lifelong services and support for children and adults with intellectual and developmental disabilities. Our organization provides housing, food, and around the clock care for our clients. We also include activities and lessons to promote personal growth toward a safe, satisfying, and meaningful life in their community.

This isn't our first year participating in the Chevron Marathon! Last year, team VitaLiving raised an outstanding \$8,000!

You can participate in three different ways.

1. **Fundraiser For Registration (FFR):**runner must commit to fundraising a minimum and in exchange, the runner will receive entry to their desired race. There are three different races, the Chevron Houston Marathon and the Aramco Houston Half Marathon are both on Sunday, January 14 and have a minimum fundraising amount of \$500. And the We Are Houston 5K, which is Saturday January 13, with a minimum fundraising amount of \$300.
2. **HERO Registration:** runners will receive a guaranteed spot in the Chevron Houston and Aramco marathons at a reduced price, and in turn, must make a one-time tax deductible donation to an official Run for a Reason charity partner.
3. Finally, the last way you can participate is to just donate! A donation would be much appreciated, as every dollar donated to Vita Living is utilized to uphold our mission!

Would you like to join team Vita Living for this year's Run for a Reason? We would love your participation!
